Darth Vader himself is well written, his character feels in line with the film version. Not being the most talkative of chaps, we see his emotions as much from his body language as from his words (this is where a good artist is important, as seeing a fist clenching can show a character's rage just as effectively as some angry dialogue).

 I hate the star wars prequel films, mostly

because they turned Darth Vader into a whinging petulant baby. Never, ever, ever watch them except to be ironic. Buy and read this Vader series instead so you can see Vader as he should be. Ruthless, terrifying and mixing it up with the galaxy's scum and villainy.
