*Legacy of the Force : Fury* Random House LLC

An exploration of the utopias and dystopias that could develop from present society Peter Frase argues that increasing automation and a growing scarcity of resources, thanks to climate change, will bring it all tumbling down. In Four Futures, Frase imagines how this post-capitalist world might look, deploying the tools of both social science and speculative fiction to explore what communism, rentism and exterminism might actually entail. Could the current rise of the real-life robocops usher in a world that resembles Ender's Game? And sure, communism will bring an end to material scarcities and inequalities of wealth—but there's no guarantee that social hierarchies, governed by an economy of "likes," wouldn't rise to take their place. A whirlwind tour through science fiction, social theory and the new technologies are already shaping our lives, Four Futures is a balance

sheet of the socialisms we may reach if a resurgent Left is successful, and the barbarisms we may be consigned to if those movements fail. Bloodlines: Star Wars Legends (Legacy of the Force) Ten Speed Press

Star Wars Legacy - Outcasts of the Broken Ring Marvel Entertainment

No war can last forever. Now, in the long and punishing battle between the defiant champions of the New Jedi Order and the juggernaut that is the Galactic Alliance, the endgame is finally at hand. With so much lost—and nothing less than the course of the future still at stake—there can be no turning back. No matter the consequences. The rebel cause is losing ground under the twin blows of Admiral Gilad Pellaeon's assassination and the death of Mara

Jade Skywalker. At the same time, having gained the support of the Imperial Remnant and its ruthlessly efficient forces, the Galactic Alliance, with the extraordinary power and dark brilliance of newly ascendant Sith Lord Darth Caedus at its helm, may be unstoppable.

Tormented and torn between the call of duty and the thirst for vengeance, Luke has searched the Force and beheld an unspeakable vision of the galaxy enslaved under tyranny more monstrous than even Palpatine's. Now it seems that the last, best hope lies in mobilizing the scattered Jedi for one decisive search-and-destroy mission. The objective: eliminate Darth Caedus. It's a plan that will be as difficult and dangerous to execute as it is daring. For Caedus is a scion of both the Skywalker and Solo bloodlines whose command of the Force surpasses even that of his grandfather Darth Vader. There is only one who is bound by destiny to stand against him in what will surely be a duel to the death, only one with an outside chance of bringing down the dark lord who was once Jacen Solo. Failure is not an option. The furious final moments between power and peace are here, and whoever confronts Darth Caedus will decide the outcome—and the fate of those left standing.
