Star Wars: Darth Maul

Dark Horse

When rebels clash with renegades, it's the Empire that may claim the final victory. Times are desperate for the

Rebel Alliance.

Harassment by the Empire and a shortage of vital supplies are hindering completion of a new secret base on the ice planet Hoth. So when Mid Rim merchants offer much-needed materials for sale, Princess Leia Organa and Han Solo lead an Alliance delegation to negotiate a deal. But when treachery forces the rebel ship to

---

flee into territory controlled by pirates, Leia makes a shocking discovery: the fierce marauders come from Leia's homeworld of Alderaan, recently destroyed by the Death Star. These refugees have turned to pillaging and plundering to survive—and they are in debt to a pirate armada, which will gladly ransom the princess to the vengeful Empire . . . if they find out her true identity. Struggling with intense feelings of guilt, loyalty, and betrayal, Leia is determined to help her wayward kinspeople, even as Imperial forces are closing in on her own crippled ship. Trapped between lethal cutthroats and brutal oppressors, Leia and Han, along with Luke, Chewbacca, and a battle-ready crew, must defy death—or embrace it—to keep the rebellion alive. “[A] rollicking Star Wars adventure . . . a book that keeps you eagerly turning pages.”—Roqoo Depot

Anyone can escape danger. No one can escape the truth. Now the clones have escaped—and evidence suggests that they are flawed by genetic disease and violent madness. Jedi Knight Jaden Korr pursues the clones, hoping to heal them but prepared to destroy them. What he doesn't know is that Sith agents are hot on his heels, determined not only to recover

the clones for their Master but to capture Jaden for their own dark-side purposes. In a life-or-death battle, Jaden will confront a shocking reality that will rock him to his core and bring him face-to-face with the question of what makes a man . . . and a Jedi. Star Wars Lost Tribe of the Sith: the Collected Stories Del Rey NEW YORK TIMES BESTSELLER Set before the events of Star Wars: Episode I The Phantom Menace, this new novel is a thrilling follow-up to Star Wars: Darth Plagueis. It's kill or be killed in the space penitentiary that houses the galaxy 's worst criminals, where convicts face off in gladiatorial combat while an underworld gambling empire reaps the profits of the illicit blood sport. But the newest contender in this savage arena, as demonic to behold as he is deadly to challenge, is fighting for more than just survival. His do-or-die mission, for the dark masters he serves, is to capture the ultimate weapon: an object that will enable the Sith to conquer

the galaxy. Sith lords Darth Plagueis and Darth Sidious are determined to possess the prize. And one of the power-hungry duo has his own treacherous plans for it. But first, their fearsome apprentice must take on a bloodthirsty prison warden, a cannibal gang, cutthroat crime lord Jabba the Hutt, and an unspeakable alien horror. No one else could brave such a gauntlet of death and live. But no one else is the dreaded dark-side disciple known as Darth Maul. Praise for Lockdown "Schreiber . . . was a great choice for this novel, imbuing the story with a dark, foreboding tone while never quite stepping into the horror territories that Death Troopers and Red Harvest took us." —Jedi News "Fans of the dark side should rejoice. Lockdown delivers a can ' t-put-this-down tale of scum and villainy." —Club Jade "[Lockdown is] an action-packed ride that

---

spins one entertaining chapter after another. The multiple layers of story keeps readers guessing what will happen next and just who will live and who will die. . . . It certainly adds to the character of Darth Maul while matching [Darth] Plagueis ' s complexity with sheer fun. . . Five out of five metal bikinis. ” —Roqoo Depot “ Somehow, Schreiber is able to skate the line between hard-hitting prison story and the adventure and excitement I love from Star Wars in a way that doesn ' t betray either genre. It ' s really quite masterful. ” —Big Shiny Robot “ Lockdown is an exciting, engaging read. . . . It actually lines up beautifully for a sequel, which I, for one, would love to read. ” —Coffee with Kenobi “ The novel makes The Clone Wars better. It also illuminates The Phantom Menace. I think it ' s the hallmark of the best

tie-in fiction to resonate throughout other parts of the expanded universe in that way. ” —Knights ' Archive “ By the fiftieth page, I was hooked. . . . Lockdown is a wonderful ' antihero ' novel, where it ' s just fine to root for the villain, because there are even worse things out there. This book was so fun and entertaining. I ' ll have to keep an eye out for more Star Wars books from Schreiber. ” —Seattle Geekly Legacy of the Jedi / Secrets of the Jedi Disney Lucasfilm Press When madness is your inheritance, how do you escape it? Scott Mast thought he got away – first from a family haunted by a dark fate, then from a dull career writing greeting cards in Seattle. But now he has come back to his New Hampshire hometown only to find that his

family is in ruins, his nephew needs a home, and a shattering truth is clawing its way into the light. Fifteen years ago, Scott's mother died in a fire. And now the shadowy circumstances – the bodies buried beneath the ashes, the lives ripped apart that fateful day – are starting to be revealed. The answers unspool in the pages of a peculiar old manuscript – an unfinished ghost story written in his father's own hand that beckons Scott out to a strange house in the woods with a lightless corridor that cannot be seen from the outside. Here Scott Mast will uncover all that has been hidden – and perhaps finish his father's unspeakable work.

YOU HAVE NOTHING TO FEAR BUT FEAR ITSELF! The only trouble is, fear comes in so many different shapes and sizes these days. It comes as rejection by a beautiful woman. It comes in the brutalization of your love

by an amoral man. It comes with the threat of impending nuclear holocaust; with the slithering shadows in the city streets; with the ripoff artists who lie in wait behind every television commercial. Fear is the erratic behavior of all the nut cases and whackos walking the streets-they look just like you and me and your lover and your mother-and all they need is a wrong word and there they go to the top of an apartment building with a sniperscope'd rifle. Fear is all around you. You have nothing to fear but fear itself, right? Sure. The only trouble is, the minute you get all the rational fears taken care of, all battened down and secure, here comes something new. Like what? Well, like the

Fear described as it's never been described before, by the startling imagination of Harlan Ellison, master fantasist, tour-guide through the land of dreadful visions, unerring observer of human folly and supernatural diabolism. Or, quoting the Louisville Courier-Journal & Times, Ellison's "stories are kaleidoscopic in their range, breathtaking in their beauty, hideous in their deformity, insulting in their arrogance and unarguable in the accuracy of their insight."
