You're right about pork,
sweetie - it's red meat. It
was only in the 1980s when
people started getting
health conscious about
avoiding red meats that the

pork industry tried the "other white meat" campaign to fix their profit margin.

LAB: SQUID DISSECTION

1. Obtain a preserved starfish and rinse off any preservative with water. 2. Place the starfish in the dissecting pan with its dorsal or aboral (top) surface upward. 3. Locate the central disc in the center of the starfish. Count and record the number of arms or rays your starfish has. _____ 4. Starfish Dissection Lab Data Sheet - Weebly Examine the aboral surface with a dissecting

scope. Identify the dermal branchiae. These represent the major surface in contact with the aquatic environment. They offer an excellent means of respiratory exchange.
