Have you ever loved a magical book above all others? Have you ever wished the magic were real? Welcome to The Land of Laughs. A novel about how terrifying that would be.

Schoolteacher Thomas Abbey, unsure son of a film star, doesn't know who he is or what he wants--in life, in love, or in his relationship with the strange and intense Saxony Gardner. What he knows is that in his whole life nothing has touched him so deeply as the novels of Marshall France, a reclusive author of fabulous children's tales who died at forty-four. Now Thomas and Saxony have come to France's hometown, the dreamy Midwestern town of Galen, Missouri, to write France's biography. Warned in advance that France's family may oppose them, they're surprised to find France's daughter warmly welcoming instead. But slowly they begin to see that something fantastic and horrible is happening. The magic of Marshall France has extended far beyond the printed page...leaving them with a terrifying task to undertake. At the

From The Matrix and Harry Potter to Stargate SG:1 and The X-Files, recent science fiction and fantasy offerings both reflect and produce a sense of the religious. This work examines this pop-culture spirituality, or "postmodern sacred," showing how consumers use the symbols contained in explicitly "unreal" texts to gain a secondhand experience of transcendence and belief. Topics include how media technologies like CGI have blurred the lines between real and unreal, the polytheisms of Buffy and Xena, the New Age Gnosticism of The DaVinci Code, the Islamic "Other" and science fiction's response to 9/11, and the Christian Right and popular culture. Today's pervasive, saturated media culture, this work shows, has utterly collapsed the sacred/profane binary, so that popular culture is not only powerfully shaped by the discourses of religion, but also shapes how the religious appears and is experienced in the contemporary world.

Knowledge is power... While exploring the unused sections of the Ancient city of Atlantis, Major John Sheppard and Dr. Rodney McKay stumble on a recording device that reveals a mysterious new Stargate address. Believing that the address may lead them to a vast repository of Ancient knowledge, the team embarks on a mission to this uncharted world. There they discover a ruined city, full of whispered

secrets and dark shadows. As tempers fray and trust breaks down, the team uncovers the truth at the heart of the city. A truth that spells their destruction. With half their people compromised, it falls to Major John Sheppard and Dr. Rodney McKay to risk everything in a deadly game of bluff with the enemy. To fail would mean the fall of Atlantis itself—and, for Sheppard, the annihilation of his very humanity....

The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to

programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as Star Trek, The Avengers, Dark Shadows, and The Twilight Zone to popular contemporary shows such as Lost, Dexter, and 24, addressing the cultural context that allowed the development of the phenomenon. The contributors investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future.
