THIRTEEN-YEAR-OLD ELISSA LEADS a solitary life. She knows nothing of her parents—only that her mother is dead. Her caretaker, Nana, keeps her father's identity a secret from her.

Meanwhile Elissa carries her own secret—the people of the valley must not know that she has the gift of speaking to animals. For now she is just a healer's apprentice in peaceful High Crossing, but Elissa dreams of a more exciting life, and of, one day, finding her father. When an unexpected royal guest arrives at the Manor, Elissa's life changes forever. She leaves home with him, only to discover that she's become a pawn in a battle for his kingdom. Accompanied by her dear donkey, Gertrude, she is delivered to the evil Khan. Elissa's quest for freedom and the truth about her past leads to questions about the future. Is she the key to a prophecy—the prophecy of the Phoenix—that everyone seems to know about, except her? In Book One of the Phoenix Rising trilogy, new author Erica Verrillo has crafted a classic—and often humorous—fantasy adventure with a strong, unwitting heroine.

A 2018 Pura Belpré Author Honor Book The First Rule of Punk is a wry and heartfelt exploration of friendship, finding your place, and learning to rock out like no one's watching. There are no shortcuts to surviving your first day at a new school—you can't fix it with duct tape like you would your Chuck Taylors. On Day One, twelve-year-old Malú (María Luisa, if you want to annoy her) inadvertently upsets Posada Middle School's queen bee, violates the school's dress code with her punk rock look, and disappoints her college-professor mom in the process. Her dad, who now lives a thousand miles away, says things will get better as long as she remembers the first rule of punk: be yourself. The real Malú loves rock music, skateboarding, zines, and Soyrizo (hold the cilantro, please). And when she assembles a group of like-minded misfits at school and starts a band, Malú finally begins to feel at home. She'll do anything to preserve this, which includes standing up to an anti-punk school administration to fight for her right to express herself! Black and white illustrations and collage art by award-winning author Celia C. Pérez are featured throughout. "Malú rocks!" —Victoria Jamieson, author and illustrator of the New York Times bestselling and Newbery Honor-winning *Roller Girl*

Drew loved their new home in Negley, Ohio. He was happier here. It was a much safer environment to raise his children. He was concerned about the pictures he found in a drawer of missing children from the area. Surely there was no need for concern as some of the pictures dated back to the 1950s. He was concerned, however, about the homeless family living in the deserted brick house across the creek. It was not a safe place for the children living there.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 I'm a thirty-something Virgo, living in Brooklyn, and I love Joan Didion. I'm also a single, thirty-something Virgo, living in Brooklyn, and I love writing. I'd kept a journal for twenty-one years and had published a book about the last decade of my life. I'd been writing for comparison's sake for most of my life. I'd graduated from journalism school decades ago, but like so many other female journalists had before me, I'd never been able to break out of the well. My first magazine job after college was at the Village Voice. My first freelance piece was published in the Washington City Paper. My first bylined feature was in the New York Times Sunday Magazine. It wasn't until I was thirty-five that I finally got my big break: a two-part story on female athletes and eating disorders in Sports Illustrated—the first sports feature ever written by a woman with no ties to professional sports. In 2016, Sports Illustrated made a point of hiring more women than men and told me before they would do so that it was part of their strategy to diversify their staff. #2 I had a headache that wouldn't go away, and the doctors couldn't diagnose it. It was a cluster headache, which is so rare that doctors don't know how to treat them, and I went through a year of tests. I was still in pain, but it had spread to my right eye, which was dilated. #3 A woman in pain is expected to answer pleasantly or exuberantly, with pain redacted. I hated to be insolent, but I was not better or getting better or feeling better. The allegation of better lost its significance to a person in a pain that no one else was in. #4 I had a cluster headache, which is so rare that doctors don't know how to treat them. It spread to my right eye, which was dilated. I was still in pain, but it had spread to my right breast. *Shapes of Native Nonfiction* Random House Books for Young Readers A TIMELESS EPIC, A NEW CLASSIC FOR ALL AGES -- MERLIN "Once upon a time...no, no, that's not the way to start. New Adult/Contemporary Romance - Recommended for readers 17 and older I, Daphne Fox, have a few things to confess: 1. I hate Nick Brady. Loathe. Abhor. Can't stand him 95% of the time. 2. That other 5%? I'm not talking about that at all. 3. People think I'm lucky for surviving the car crash. I disagree. 4. Nick is the only guy who makes my nightmares go away. 5. I won't love him, though. Love is not worth the pain. I, Nick Brady, have a few confessions of my own: 1. I don't hate Daphne Fox. At all. 2. I find her scar sexy. Just like the rest of her. 3. I may be her older brother's best friend, but that's not going to stop me. 4. I love her. 5. And I'm going to do everything I can to have her.
