Ashes Of Victory Prometheus Nemesi Book Company

The phenomenal life of Ukrainian peasant Nestor Makhno (1888-1934) provides the framework for this breakneck account of the downfall of the tsarist empire and the civil war that convulsed and bloodied Russia between 1917 and 1921. Makhno and his people were fighting for a society "without masters or slaves, with neither rich nor poor." They acted towards that idea by establishing "free soviets." Unlike the soviets drained of all significance by the dictatorship of a one-party State, the

"free soviets" became the grassroots organs of a direct democracy - a living embodiment of the free society - until they were betrayed, and smashed, by the Red Army. Delving into a vast array of documentation to which few other historians have had access, this study illuminates a revolution that started out with the rosiest of prospects but ended up utterly confounded. More than just the incredible exploits of a guerilla revolutionary par excellence, Skirda weaves the tale of a people, and the organizations and practices of anarchism, literally fighting for their lives. An Historical Account of the Black Empire of Hayti, Comprehending a View of the Principal Transactions in the Revolution of Saint Domingo Transaction Publishers

Then he sees things he should not have seen: A hidden ledger, dodgy accounting transactions, bogus gate receipts. And when a whole starship disappears who are they going to blame? A frantic race across the Sphere of Influence takes Elton and his friends into adventure and dangers he could never have imagined. Deep Space Accountant is the first book in the forthcoming Sphere of Influence series.

Tech World Galaxy's Edge

"It is an easy thing to rule by fear." It's been years since the tidal wave of ex-humans washed over the world. And then the news arrives of a strange, man-made island in the middle of the Pacific. An island populated not just by survivors, but by people who seem to be farming, raising children, living—people who, like the heroes, have somehow managed to keep the spark of civilization alive. Paying this place a visit should be a simple goodwill mission, but as the island reveals itself to be a sinister mirror-image of what the heroes have built at the Mount, the cost of their good intentions becomes dangerously high.
