[Powersports Outlet - Motorcycle, Scooter, ATV Dealer ...](#)

Stella is the only newer scooter with a 4-speed manual transmission on the road, with a kickstart and an electronic start, with a spare tire and a choke. Overall, she, Stella, is fun to ride. (I should clarify that better.) The one problem, with Stella, is you have to let her rest for about 5 to 10 minutes, if you drove her for about 1 hour.

SF Review: The Stella 4T | ScooterFile

The old twist-grip manual shifter even gets relegated to the history books, as well, with the switch to an automatic. That classic '70s charm remains, though, and so the Stella looks pretty much...

Genuine Stella Scooter Reviews - Motor Scooters Guide

Between the manual gears and the powerful-but-wooden front brake, the Stella requires that much more attention and forethought to get the most out of it. All the extra control cables and fussy switches mean it's also a bit higher maintenance than its modern cousins. Anyone considering the Stella 4T really must keep these limitations in mind.
