Learning to read, speak and write Spanish like a native?

Your journey begins here.

Spanish is one of the most universal languages across the planet - spoken by more native speakers than English and

spreading across five continents, including Africa

and Asia. Learning it will provide you with a beautiful

and powerful tool to expand your circles and boost your

professional career. But how do you conquer the challenge of

getting started with Spanish vocabulary and grammar? Sometimes, all you need is the right resource; the ideal learning material that will guide you from Spanish hopeful to a complete "experto en español"! What we're talking about is Spanish Made Easy Level 1 - An Easy Step-By-Step Approach To Learn Spanish for Beginners (Textbook + Workbook Included)! In this first level of the Spanish Made Easy Workbook series, we include: - An incredibly in-depth section at the beginning that guides you through the Spanish alphabet, Spanish accents and those tricky

punctuation marks that are only found in this particular language. - Frequent and numerous exercise sections that will keep you challenged and constantly learning new abilities, such as asking for the time, requesting directions, small talk with a friend, speaking formally at work, ordering food and more (most importantly - no two exercises are the same, as we've diversified them as much as possible)! - Incredible, rich vocabulary lists on each section that will help you identify words you will hear once you start actually communicating

with native speakers! - Finally, GRADES 1-3/ESL/SPANISH: With age-appropriate activities, this workbook helps children build knowledge and skills for a solid foundation in Spanish. Teaching Spanish, My Way Vaya!

Stage 1 Teachers Resource Book
Professor Dee L. Eldredge's Teaching Spanish, My Way is a treasure trove of information and a resource manual of over 370 pages to aid Spanish teachers / professors in their efforts to help students learn Spanish. It contains the author's philosophy of teaching; suggestions for course and class preparation; principles of teaching that he follows; general linguistic, syntax, lexical, phonetic, and morphological explanations;

Spanish language rules; Spanish historical, cultural, and geographical information; handouts that have been used a lot by the professor; and cards that have been utilized with great success to teach Spanish, especially at the beginning of classes. Would you like to read information about how to take charge of a class and more about the responsibilities of a teacher? Chapter 1 of the book gives the reader the author's philosophy of teaching and much information on his perspectives relating to a teacher's responsibilities. Topics such as being in charge of the class, being prepared for everything, grading practices, using time efficiently during class, presenting grammar,

implementing oral drills, students speaking as much Spanish as possible during the class and before / after class with the teacher, being courteous, and others will help you be a better teacher / professor. Would you like to be better organized and run your classes more smoothly? Chapter 2 details many subjects important to course organization, class preparation, and class instruction. As part of course organization, syllabuses, schedule of classes, handouts, marking up textbooks, folders, copies, tests, and examining classrooms are discussed. Appertaining to class preparation, planning of the activities for the next class, grading, recording and placing papers in folders, handouts, and tests are explained. Concerning class instruction and activities, the following topics are presented: directing a class, starting a class, reviewing homework, asking questions, presenting new grammar, practicing new grammar, presenting new homework, reading, using handouts, giving tests/exams, grading and reviewing tests, and ending class. Would you like to have some excellent rules that would help you teach your classes more suitably? Chapter 3 lists the many rules that the author follows in teaching his classes. Some deal with the interaction with students, others with the organization of the classroom, others with the preparation of classes, and others

with the way he organizes everything. Would you like to have explanations of grammar and linguistics that very much help you teach more competently? Chapter 4, which is by far the longest, gives explanations of many items in linguistics that can greatly aid Spanish teachers---such as synthetic and analytic languages; declensions; syntactical notation; thematic relations and relators; complementation; arguments; vocalic and consonantal languages; adverbials; markers; a sentence; moods; voices; raising; pro-forms; noun phrases; cases with pronouns; pronouns after prepositions; clitics; leísmo, laísmo, and loísmo; relative pronouns; clitic doubling; determiners; homonyms; verb phrases; verbal complementation; verbal particles; verbal aspect; verb forms; the English "dummy it"; usage comparison of auxiliary verbs in English and Spanish; prepositional phrases; prepositional complementation; modifiers; position of modifier adjectives; conjunctions; multiple meanings of English and Spanish verbs and other words; affirmative and negative words; question words; false cognates; Spanish and English verb problems; the silent h and u; juncture; phonemes; diphthongs; phonetic stress; vowels and consonants; representatives of sounds; spelling problems; cognates; and usage of linguistics in the classroom. This chapter aids

the teacher to deliver the whys and powerful answers to these wherefores to many grammatical questions. In the years since problems—as for example, why the h 1939, the Big Book, Alcoholics became silent in Spanish, where the Anonymous, has guided millions the name California came from, and why in their search for a design for the Spanish chose habla healthy living free of addictive behaviors. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for

improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold

medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

overhearing other moms say to their misbehaving children, 'That's one. That's two. That's three.' And then you watch in disbelief as their kid actually stops!" – PopSugar Moms

Are you the parent of a strong-willed child? Is bedtime a nightly battle? Are you looking to discipline without stress? Since kids don't come with a manual, 1-2-3 Magic is the next best thing. Dr. Thomas Phelan has developed a quick, simple and scientifically proven way to parent that actually works! Using his signature 1-2-3 counting method, Dr. Phelan helps parents to curb obnoxious behaviors like tantrums and meltdowns, whining and pouting, talking back, sibling rivalry and more in toddlers, preschoolers and middle

schoolers. He guides parents through drama-free discipline methods that include handling time outs in public, the appropriate length of a time out, and what to do if your child resists the time out. Dr. Phelan also covers how to establish positive routines around bedtime, dinnertime, homework and getting up and out in the morning, and tips for strengthening your relationship with your kids. For decades, millions of parents from all over the world have used the award-winning 1-2-3 Magic technique to raise happier families and put the fun back into parenting. 1-2-3 Magic is one of Healthline's Best Parenting Books of 2017, a 2016 Mom's Choice Award Winner, a 2016 National Parenting Product Award
