of life but having my bakery succeed, being able to continue doing what I loved to do, and finding a woman who could make me feel whole. And then the moment she walked into my bakery, I knew there would be no other for me. For months, I watched her sit at that little table in the corner and read. For months, I thought of a million different things I wanted to say to her. I might not have stalked her, but I sure as hell wanted to. I thought about it. Finding more out about Zara, and all the things I wanted to do to her, had become an obsession. Zara was gorgeous and curvy ... exactly the type of woman I fantasized about having by my side. But finding the courage to man up and go after what I wanted—her—was harder than I thought. I guess when you find the perfect person for you, the idea of being rejected could turn anyone into a coward. Until one day I wasn't willing to let her walk by without me saying something to her. I couldn't stay away. I wanted more. Whipped, that's what I was, but only for Zara.

On a cold winter 's night in 1778, two patriot soldiers recall their first sensual encounter and ponder their future together with the women they love. Winter 's icy weather is not the only chill to descend upon New York 's Fort Revolution in January of 1778. Discontent hangs heavy in the air between Lieutenant Patrick Hamilton and Captain Samuel

Taylor during an evening 's respite from America 's war for independence. Reminiscing brings a realization of their emotional and physical connection to each other. Will memories be enough to rouse reconciliation? *Winter Interlude: An American Revolutionary Novelette* (American Revolutionary Tales Book 2) is a prequel and interquel companion story to *The General 's Wife: An American Revolutionary Tale*, delving into the relationship between Captain Samuel Taylor and Lieutenant Patrick Hamilton. Much of the action of *Winter Interlude* takes place in the gap between Chapter Twenty-Three and Chapter Twenty-Four of *The General 's Wife*. *American Revolutionary Tales Book 1: The General 's Wife: An American Revolutionary Tale* An English Lady and a handsome American Patriot in a battle for her heart – will she submit to the enemy? *Book 2: Winter Interlude: An American Revolutionary Novelette* On a cold winter 's night in 1778, two patriot soldiers recall their first sensual encounter and ponder their future together with the women they love. Coming soon! *Book 3: The Viscount and the Veteran: An American Federalist Tale* *When She Belongs* Montlake Romance This collection of essays focuses on the representations of a variety of “bad girls” —women who challenge, refuse, or transgress the patriarchal limits intended to circumscribe them—in television, popular fiction, and mainstream film from the mid-twentieth century to the present. Perhaps not surprisingly, the initial introduction of women into Western cultural narrative coincides with the introduction of transgressive women. From the beginning, for good or ill, women have been depicted as insubordinate. Today 's popular manifestations include such widely known figures as Lisbeth Salander

---

(the “ girl with the dragon tattoo ” ), The Walking Dead ’ s Michonne, and the queen bees of teen television series. While the existence and prominence of transgressive women has continued uninterrupted, however, attitudes towards them have varied considerably. It is those attitudes that are explored in this collection. At the same time, these essays place feminist/postfeminist analysis in a larger context, entering into ongoing debates about power, equality, sexuality, and gender.

This book focuses on how Irish remembrance of the First World War impacted the emerging Irish identity in the postcolonial Irish Free State. While all combatants of the “ war to end all wars ” commemorated the war, Irish memorial efforts were fraught with debate over Irish identity and politics that frequently resulted in violence against commemorators and World War I veterans. The book examines the Flanders poppy, the Victory and Armistice Day parades, the National War Memorial, church memorials, and private remembrances. Highlighting the links between war, memory, empire and decolonization, it ultimately argues that the Great War, its commemorations, and veterans retained political potency between 1914 and 1937 and were a powerful part of early Free State life.

often in places that have been off the map of conventional media studies. The contributors, key figures in this new field, cover topics ranging from indigenous media projects around the world to the unexpected effects of state control of media to the local impact of film and television as they travel transnationally. Their essays, mostly new work produced for this volume, bring provocative new theoretical perspectives grounded in cross-cultural ethnographic realities to the study of media.

One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?"

is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? NEW YORK TIMES BESTSELLER: You're not supposed to want the one who torments you. When my stepbrother, Elec, came to live with us my senior year, I wasn't prepared for how much of a jerk he'd be. I hated that he took it out on me because he didn't want to be here. I hated that he brought girls from our high school back to his room. But what I hated the most was the unwanted way my body reacted to him. At first, I thought all he had going for him were his rock-hard tattooed abs and chiseled face. But things started changing between us, and it all came to a head one night. Then, just as quickly as he'd come into my life, he was gone back to California. It had been years since I'd seen Elec. When tragedy struck our family, I'd have to face him again. And holy hell, the teenager who made me crazy was now a man that drove me insane. I had a feeling my heart was about to get broken again. *Stepbrother Dearest* is a standalone novel. He's the biggest jerk in the galaxy. I can live with being stuck on the far end of space. I can live with having to spend weeks on an abandoned station in an asteroid belt. Sure, I don't belong, but I've got my book and my eight-legged attack cat with me. I should be fine. I'm not fine. My alien host, Jerrok, is a jerk. He's surly and unpleasant. He hasn't bathed in years. He's part cyborg - and all those parts seem to be falling to pieces. He's the one in charge of this remote station, which means we're forced to interact. It's an absolutely miserable situation for both of us.....until I realize that all his anger and bluster is covering the fact that he's thoughtful and understanding. He's protective, too, keeping me safe when the bad guys approach. When I get hurt, he's the one tenderly caring for my wounds. Jerrok is also intensely, utterly lonely, just like me. "Unseen Worlds offers a totally new Pastoral approach. Bernhard Udelhoven presents both a framework how pastoral care can rescue those who are afflicted by spirits, witchcraft and demons, and he presents numerous case studies and practical examples. These cases are often matters of death or life. Experience teaches that the possession by demons always is closely connected with and related to problems on an interpersonal level. Consequently, the core point of Udelhoven's approach is to thoroughly study and heal the

frictions in these relationships. For me as a professional counsellor Udelhoven's path to healing coincides very often with methods developed in modern schools of psychology. The importance of his findings and proposals should not be underestimated. This book is a must for every pastoral agent." Dr Toni Görtz, MISSIO By building on cultural and relational experiences of life, *UNSEEN WORLDS* provides a new entry into the deliverance ministry. It goes beyond quick fixes and also beyond the timeworn divide of the superstitious versus the real. Religious beliefs in spiritual evil affect World Christianity in fundamental ways. This is true also in African settings, where the unseen world comes with a maze of pastoral problems for Christian communities and their pastors, which this book takes up: A person-centered approach for helping people who are or who feel attacked by spiritual forces (Catholic and ecumenical ministry in multi-cultural settings). Case studies from Zambia demonstrate how a pastor can help with simple but meaningful steps even in very complex cultural situations. Readers ready to be challenged by relational experiences of life and African notions of selfhood will find an easy entry into the theme of this book that goes beyond the timeworn divide of the "real" versus the "superstitious". The book has been developed in dialogue with theologians, historians, psychologists,

---

anthropologists, traditional healers, pastoral teams with extensive experience in the ministry of deliverance, and - most of all - with affected families, the subject group of the book. Its person-centred method is applicable beyond Africa to multi-cultural settings, where different ideas about the occult stay side by side. Gap filled by the book: The reader will find concrete pastoral steps towards a deliverance ministry that work with African insights into the mysteries of life, not against them. The authentic case studies show the complexities of the deliverance ministry, which are rarely noticed in the available "prayer manuals" in which demons are but prayed away. How will the book be read? The book covers seven topical themes: The first draws out the successes and failures of mainstream, inculturation and charismatic approaches of combating evil spiritual forces in Africa on the example of Christian Zambia. The second outlines the principles of the person-centred approach, with its demands of listening and empathy, and introduces the notions of "inner worlds" and "outer worlds" through which the healer/pastor can clarify different levels of truths and the scope for public action. The next three themes deal with helping people who are or see themselves as victims of spirits, witchcraft, and Satanism. Another theme concerns helping people who stand accused as witches, looking at possible

interventions from the time that rumours are expressed up to the time that suspicions turn into witch-hunting. The last part introduces biblical and theological concerns that give a place to people's own experiences with the unseen world.
