The Geography of the Imagination Lynda Chance Books

An ambitious intern. A perfectionist executive. And a whole lot of name calling. Discover the story that garnered more than two million reads online. Whip-smart, hardworking, and on her way to an MBA, Chloe Mills has only one problem: her boss, Bennett Ryan. He ' s exacting, blunt, inconsiderate—and completely irresistible. A Beautiful Bastard. Bennett has returned to Chicago from France to take a vital role in his family ' s massive media business. He never expected that the assistant who ' d been helping him from abroad was the gorgeous, innocently provocative—completely infuriating—creature he now has to see every day. Despite the rumors, he ' s never been one for a workplace hookup. But Chloe ' s so tempting he ' s willing to bend the rules—or outright smash them—if it means he can have her. All over the office. As their appetites for one another increase to a breaking point, Bennett and Chloe must decide exactly what they ' re willing to lose in order to win each other. Originally only available online as The Office by tby789—and garnering over 2 million reads on fanfiction sites—Beautiful Bastard has been extensively updated for re-release.

Talon's Heart Forever

In the 40 essays that constitute this collection, Guy Davenport, one of America's major literary critics, elucidates a range of literary history, encompassing literature, art, philosophy and music, from the ancients to the grand old men of modernism.

Queer Masculinities: A Critical Reader in Education is a substantial addition to the discussion of queer masculinities, of the interplay between queer masculinities and education, and to the political gender discourse as a whole. Enriching the discourse of masculinity politics, the cross-section of scholarly interrogations of the complexities and contradictions of queer masculinities in education demonstrates that any serious study of masculinity—hegemonic or otherwise—must consider the theoretical and political contributions that the concept of queer masculinity makes to a more comprehensive and nuanced understanding of masculinity itself. The essays adopt a range of approaches from empirical studies to reflective theorizing, and

address themselves to three separate educational realms: the K-12 level, the collegiate level, and the level in popular culture, which could be called 'cultural pedagogy'. The wealth of detailed analysis includes, for example, the notion that normative expectations and projections on the part of teachers and administrators unnecessarily reinforce the values and behaviors of heteronormative masculinity, creating an institutionalized loop that disciplines masculinity. At the same time, and for this very reason, schools represent an opportunity to 'provide a setting where a broader menu can be introduced and gender/sexual meanings, expressions, and experiences boys encounter can create new possibilities of what it can mean to be male'. At the collegiate level chapters include analysis of what the authors call 'homosexualization of heterosexual men' on the university dance floor, while the chapters of the third section, on popular culture, include a fascinating analysis of the construction of queer 'counternarratives' that can be constructed watching TV shows of apparently hegemonic bent. In all, this volume's breadth and detail make it a landmark publication in the study of queer masculinities, and thus in critical masculinity studies as a whole.

Ice-Candy-Man W. W. Norton & Company

"Professor Joseph Brennan has a gift for bringing philosophy to life, making it a practical tool for evaluating day-to-day decisions as well as the great issues of our times. Morality and ethics have never been more necessary than in our brave, new world order of downsizing, intolerance, corruption, sexism, racism and all other "isms". " "About the Stockdale Course: Shot down over North Vietnam, U.S. Navy pilot James Stockdale spent seven and a half years as a prisoner of the communists. Although he was systematically tortured and brainwashed, Stockdale resisted his captors, led and sustained his fellow prisoners, and remained loyal to the principles he had joined the navy to defend. That incredible moral strength in adversity earned him the Medal of Honor. He found the inspiration to go on by recalling the teachings of Epictetus, an ancient Roman Stoic philosopher whom he had studied in college. After his release from captivity, Stockdale became president of the Naval War College, where he established and team-taught a course with Professor Brennan on ethics. The class was extremely popular because it made philosophy relevant to the needs of professional military men and women. Professor Brennan's lectures ultimately became the basis for this book."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

The Big Questions Pocket Books

Stephan I always thought the gypsies cursed my family centuries ago, but most members of my family feel different, they say we were gifted with prosperity and the ability to know our soul mate. Great, you say, well they forgot to mention when we find our soul mate we turn into possessive cavemen. I never wanted the curse to get me. I was happy with my privileged life, a new woman every night and no one ever saying no to me. I had my life planned out just how I wanted it. That was until I saw

her--Jade Black. I knew from the moment I laid eyes on Jade she was mine. My soul mate. The problem is I'm having trouble convincing her.

The pretender David R. Godine Publisher

A hot cop and a single mum... Mia Lexington is a mother whose life is devoted to caring for her four-year-old son Zane. After her family abandoned her on the heels of her baby's father, Mia vowed to never again allow anyone to make her feel like her parents and Zane's father did. Since that time she's refused to allow any man to get close to her. Alex Douglas is at his niece's swimming lesson when he first meets Mia and her son. He doubts the gorgeous young woman would give him a second thought. He's also hesitant because of their eighteen-year age gap, but he can't get her out of his mind. Before he gets a chance to ask her out, she's gravely injured and her son is left with nowhere to go. Not wanting Mia to lose her boy to the foster care system, he lies so he can claim temporary custody...but what will Mia think of his grand gesture when she awakes? Content Warning: this book contains a hot cop and steamy sex scenes

Queer Masculinities Checkmark Books

Clan MacLeod is special; they protect all paranormal people in a world where "different" can be a death sentence. In return, they know who their soul mate is. Holly is on holidays in Scotland, and for Valentine's Day, she is attending a sixteenth-century period weekend party at the MacLeod castle. When she arrives she is surrounded by lightning that takes her back in time to the fifteen hundreds. There, she meets Laird Duncan MacLeod, who tells her she is his and she will marry him the next day.

TOUCH ME IN THE MORNING Alpha Edition

Solomon and Higgins's engaging text covers philosophy's central ideas in an accessible, approachable manner. You'll explore timeless "big questions" about the self, God, justice, and other meaningful topics, gaining the context you need for an understanding of the foundational issues, as well as the confidence to establish your own informed positions on these "big questions."

Collected Works of Velimir Khlebnikov: Letters and theoretical writings ReadHowYouWant.com

Emily McCarthy is living in fear of a dark and dangerous past. A gifted mathematician, she is little more than a hollow, broken shell, trying desperately to make ends meet long enough to finish her degree. Through an unlikely friendship with the aging, cantankerous owner of an old boxing gym, Em is thrown into the path of the most dangerous man that she has ever met. Cormac "the Hurricane" O'Connell is cut, tattooed and dangerous. He is a lethal weapon with no safety and everyone is waiting for the misfire. He's never been knocked out before, but when he meets Em he falls, HARD. Unlike any other girl he's ever met, she doesn't want anything from him. Just being around her makes him want to be a better person. They are polar opposites who were never meant to find each other, but some things are just worth the fight.

Ava's Mate Simon and Schuster

Jared "Hammer" Caufield is a former Army Ranger and retired professional MMA champion that had to give up his fighting career due to a knee injury. He is a bad boy through and through, but that doesn't stop him from craving the sweet little bakery owner, even though he knows she is too good for him... Kalista Redford has always struggled with her self-esteem, and her last breakup hasn't done anything to help improve her opinion of herself. When she finds herself pursued by the dark and dangerous man she has secretly dreamed about, will she be able to follow her heart, or will past insecurities threaten to ruin her chance at true love?NOTE: This book was previously published but has been revised and edited.

Marco's Redemption Lynda Chance Books

This book explores men's ambiguous relationship with intimate caring work within a context where carefree and nurturing expectations for men are competing for influence. For men, to be more involved carers clashes with commonly valued expectations of them as men and this book analyses how men confront this contradictory expectation.

A Pulitzer Prize winner interviews workers, from policemen to piano tuners: “ Magnificent . . . To read it is to hear America talking. ” —The Boston Globe A National Book Award Finalist and New York

Times bestseller Studs Terkel ’ s classic oral history Working is a compelling look at jobs and the people who do them. Consisting of over one hundred interviews with everyone from a gravedigger to a studio head, this book provides a “ brilliant ” and enduring portrait of people ’ s feelings about their working lives. This edition includes a new foreword by New York Times journalist Adam Cohen (Forbes). “ Splendid . . . Important . . . Rich and fascinating . . . The people we meet are not digits in a poll but real people with real names who share their anecdotes, adventures, and aspirations with us. ”

—Business Week “ The talk in Working is good talk—earthy, passionate, honest, sometimes tender, sometimes crisp, juicy as reality, seasoned with experience. ” —The Washington Post

Beautiful Bastard Happy H Press

Richard My family is divided, some say we were gifted by the gypsies to prosper and know our soul mate, others feel we were cursed. The divide in the family may have a little to do with the gypsies forgetting to mention that when we Silverman find our soul mate we turn into possessive cavemen. I also thought it was a gift and was filled with jealousy when my cousin Stephan found his other half though he believed it to be a curse. But now it's my turn, the only problem is Bailey Rodgers thinks I'm crazy, overbearing and egotistical. Bailey My brother Ethan, my guardian since I was six, was finally loosening the reigns and giving me some freedom. Being vision impaired and the only family left, he sometimes took his role as protector too far. I'd convinced Ethan to let me celebrate graduation with a week-long holiday just friends sun and fun. The start of my holiday didn't start out at all how I had planned when I was kidnapped by a crazy guy telling me I was his soul mate and his to keep forever. Imagine my surprise to learn he is a Silverman and supposedly sane. Richard wants me to give him a chance, but I don't know if I can handle Richard's over-protectiveness. I already had that with my brother and I didn't want it in my relationship.

Justified Good Press

“ A rollicking history of the telephone system and the hackers who exploited its flaws. ” —Kirkus Reviews, starred review Before smartphones, back even before the Internet and personal computers, a misfit group of technophiles, blind teenagers, hippies, and outlaws figured out how to hack the world ’ s largest machine: the telephone system. Starting with Alexander Graham Bell ’ s revolutionary “ harmonic telegraph, ” by the middle of the twentieth century the phone system had grown into something extraordinary, a web of cutting-edge switching machines and human operators that linked together millions of people like never before. But the network had a billion-dollar flaw, and once people discovered it, things would never be the same. Exploding the Phone tells this story in full for the first time. It traces the birth of long-distance communication and the telephone, the rise of AT&T ’ s monopoly, the creation of the sophisticated machines that made it all work, and the discovery of Ma Bell ’ s Achilles ’ heel. Phil Lapsley expertly weaves together the clandestine underground of “ phone phreaks ” who turned the network into their electronic playground, the mobsters who exploited its flaws to avoid the feds, the explosion of telephone hacking in the counterculture, and the war between the phreaks, the phone company, and the FBI. The product of extensive original research, Exploding the Phone is a groundbreaking, captivating book that “ does for the phone phreaks what Steven Levy ’ s Hackers did for computer pioneers ” (Boing Boing). “ An authoritative, jaunty and enjoyable account of their sometimes comical, sometimes impressive and sometimes disquieting misdeeds. ” —The Wall Street Journal

“ Brilliantly researched. ” —The Atlantic “ A fantastically fun romp through the world of early phone hackers, who sought free long distance, and in the end helped launch the computer era. ” —The Seattle Times

From the author of USA Today's Rule's Obsession and Rule's Property, Lynda Chance brings you: Pursuit, a 50,000 word sensual romance for readers 18+. A stand alone book with a beginning, middle and end. Blurb: GAME ON Logan Crenshaw is doing just fine until a chance meeting with Lauren Jacobs sends his libido into a tailspin. When she turns down his offer of a date, his hunting instincts go on high alert and a predatory urge he never knew existed explodes within him.--Lauren Jacob's life is perfectly predictable until she meets Logan Crenshaw, a man who won't take 'no' for an answer. Logan is more rampaging beast than normal man and Lauren finds herself the prey he wants to plunder. Being the target of his sexual quest is more than exciting, but when it's over, will she be safe in his care or just the prize after his merciless pursuit? Excerpt: Lauren bent and grabbed her purse and Logan stood to his feet, frowning. "You're wearing that?" he asked with a grimace. Lauren glanced down and looked at herself. She wore a red blouse with the shoulders cut out, black pleated shorts and stilettos. She glanced back up and saw his intent stare and had to smile. "This outfit is conservative. I'll have you know these are lined, linen shorts." He didn't comment and Lauren received the impression that he couldn't. She almost laughed; she'd never even remotely seen him speechless before. His eyes continued to run over her and when he didn't speak, she said, "We're going to a dance club. I'm twenty-five years old and you know what they say: you're only young once. I'm going to be among friends and besides, I'm sure you wouldn't let any harm come to me, right?" His gaze slid back to hers and examined her thoroughly. His look became territorial and Lauren was hit with the same shaky feeling she always got when he was this close to her. Butterflies started fluttering in her stomach and her knees weakened. He walked forward with a purpose and picked up a lock of her hair and twirled it around his finger until he stopped at her scalp. She felt the tug on her hair center all the way to the juncture between her thighs. "Did I just hear you correctly?" The words rattled from his throat in a brusque, possessive tone. "Did you just grant me the right to be the man who protects you?" Lauren's heart began beating viciously in her chest. She heard his question through a roaring in her ears. Her remark had been off-handed. She hadn't really meant anything serious with her question, so why was he taking it so seriously and why did she think this was suddenly a pivotal moment in their relationship? She tried to think, tried to get her brain to function. She licked her lips and tried to put the ball back in his court. "Do you . . . do you want to be that man?" His answer was a silent one. A glimmer of heat exploded in his eyes and he began nodding his head, slowly, up and down. With one hand wrapped around her hair, his other hand snaked up and wrapped around her cheek and lifted her face to his. He bent down and kissed her, quickly but firmly, before raising his head again. "Okay. It's a done deal." The intense look in his eyes was scaring her. Scaring her and exciting her all at the same time. Her mother had never told her that there were men like this one living on the planet. Nobody had ever warned her. "Okay, yeah, but--" she began. He cut her off. "No buts." Lauren was excited and nervous and panicky. "Yeah, there's a 'but'." "And what would that be?" he questioned slowly and succinctly, only seeming to be humoring her. "I guess this means we're . . . exclusive--" she began, but he cut her off again. "You got that right," he breathed out in a possessive hiss. "Okay, so it's just you and me, but that doesn't mean . . . " "Doesn't mean what?" he questioned shortly, obviously wanting no conditions on the relationship whatsoever. She narrowed her eyes and gathered her

understand that going in. You're not the boss of me, you don't tell me what to do, what to wear, or what time I have to be home. We're together, but we're not married or anything like that, and I'm all grown-up and have been for some time and I make my own rules." His eyes impaled hers but Lauren could tell he was listening to her mandate carefully and strategically. Oh, man! She'd been right! It had been a strategy all along! And suddenly she knew that whether she'd given him an opening or not, he'd planned on having a confrontation with her tonight about . . . boundaries. And she'd played into his hands with that statement about him not letting her come to any harm. She really needed to watch what she said around this man. His hands stayed plastered to her skull, and his body filled with a tension that was palpable. "All right, I agree," he answered in a voice that reflected his mercurial mood. "We're not married and I don't own you. You're a big girl and can live by your own rules, for now. All I'm going to say is one thing: You called it. We're together." His hand left her face and slid down and cupped the heat between her legs firmly and aggressively. "And this is mine." His fingers tightened. "Nobody touches you but me, and if somebody lays so much as a finger on a single strand of your hair, they'll wish they were dead." Lauren's jaw dropped and she couldn't seem to close her mouth as he stared down at her. "You got that, babe?" He hissed out while his hand between her legs held her in an unyielding grasp. Lauren sucked in a ragged breath and nodded her head, too stunned to speak. Oh, dear God. She'd just released the Kraken.

Now Filmed as 1947, a motion picture by Deepa Mehta Few novels have caught the turmoil of the Indian subcontinent during Partition with such immediacy, such wit and tragic power.

The Compassionate Contrarians Scribner

After the first sighting, he's fascinated. After the first smile, he's infatuated. By the first kiss, he's obsessed. Nolan sees Chloe through a window of a bakery in downtown Manhattan. At first sight, something about her calls to a piece of him he thought was lost. Without thinking, he begins watching her, and when the moment presents itself, he strikes, claiming Chloe for himself. For a man who is used to getting what he wants Nolan won't let anyone or anything stand in his way.

Thoughtless CreateSpace

Jesus, Moses, Mohammed, Gandhi, and the Buddha all had brains built essentially like anyone else's, yet they were able to harness their thoughts and shape their patterns of thinking in ways that changed history. With new breakthroughs in modern neuroscience and the wisdom of thousands of years of contemplative practice, it is possible for us to shape our own thoughts in a similar way for greater happiness, love, compassion, and wisdom. Buddha's Brain joins the forces of modern neuroscience with ancient contemplative teachings to show readers how they can work toward greater emotional well-being, healthier relationships, more effective actions, and deepened religious and spiritual understanding. This book will explain how the core elements of both psychological well-being and religious or spiritual life-virtue, mindfulness, and wisdom--are based in the core functions of the brain: regulating, learning, and valuing. Readers will also learn practical ways to apply this information, as the book offers many exercises they can do to tap the unused potential of the brain and rewire it over time for greater peace and well-being.
