The 7 Habits of Highly Effective People Simon and Schuster  
The inspirational, encouraging final book from the legendary leadership expert Stephen R. Covey, internationally bestselling author of The 7 Habits of Highly Effective People. Stephen R. Covey spent his long and storied career inspiring millions of individuals to make their lives more effective, compassionate, and meaningful. Near the end of his life, Covey felt there was a final component to his work: How

to live your best life no matter your age? How to best respond to life-challenging experiences? How to approach the challenges and opportunities of middle to later life—like raising children, caring for your parents, leading and inspiring others, staying on top of your career, contributing to your community, and what follows next? Live Life in Crescendo is Covey ' s answer to these questions, outlining his vision for those in the prime of life, whatever age you may be. Covey urges all to “ live life in crescendo, ” continually growing in contribution, learning, and influence. In the same way that music builds on the previous notes, life too, builds on the past

and unfolds in the future. This crescendo mentality urges you to use whatever you have—your time, talents, resources, gifts, passion, money, and influence—to enrich the lives of people around you, including your family, neighborhood, community, and the world. Cowritten with his daughter, Cynthia Covey Haller, and published posthumously, Live Life in Crescendo is a life-changing and life-affirming book that befits the generosity and wisdom of the late Stephen R. Covey.

groundbreaking book of next-level thinking that gives a clear way to finally tap the limitless value-creation promise of the “ Knowledge Worker Age. ” In the more than twenty-five years since its publication, the classic *The 7 Habits of Highly Effective People* has become an international phenomenon with more than twenty-five million copies sold. Tens of millions of people in business, government, schools, and families, and, most importantly, as individuals, have dramatically improved their lives and organizations by applying the principles of Stephen R. Covey ’ s classic

book. The world, however, is a vastly changed place. Being effective as individuals and organizations is no longer merely an option—survival in today ’ s world requires it. But in order to thrive, innovate, excel, and lead in what Covey calls the “ New Knowledge Worker Age, ” we must build on and move beyond effectiveness. The call of this new era in human history is for greatness; it ’ s for fulfillment, passionate execution, and significant contribution. Accessing the higher levels of human genius and motivation in today ’ s new reality requires

a change in thinking: a new mindset, a new skill-set, a new tool-set—in short, a whole new habit. The crucial challenge of our world today is this: to find our voice and inspire others to find theirs. It is what Covey calls the 8th Habit. So many people feel frustrated, discouraged, unappreciated, and undervalued—with little or no sense of voice or unique contribution. The 8th Habit is the answer to the soul ’ s yearning for greatness, the organization ’ s imperative for significance and superior results, and humanity ’ s search for its “ voice. ” Covey ’ s
