Solution Manual: Stewart Calculus Early Transcendentals Single Variable 8th Ed.: Chapter 1 - Createspace Independent Publishing Platform
One of the most successful calculus books of its generation, Jon Rogawski's Calculus balances formal precision with conceptual focus. Full of useful features, it helps students build computational skills while reinforcing the relevance of calculus to their studies. When writing the book, the author team strove to ensure it's clearly written, can be read by a calculus student and would motivate them to engage in the material and learn more. The textbook uses exposition, graphics, and layout would to enhance all facets of a student's calculus experience. Bob Franzosa

joins the author team for this new 4th edition, bringing deep experience and knowledge of teaching calculus at undergraduate level. Extra applications have been added in climate, life and earth sciences to better bring the maths to life.
