Helena Rubinstein was born into a poor Polish family at the end of the nineteenth century; by the time of her death in 1965 she had built a cosmetic empire that spanned the world. When Rubinstein opened her first salon in Melbourne, her scientific approach to beauty was an instant sensation. Women just couldn't get enough of her innovative advice on skincare, and her beauty products were constantly sold out. Having conquered Australia, Rubinstein went on to open salons in Europe and America, at a time when women were barely seen in business, let alone running their own multinational companies. Dressed by Chanel and Yves St Laurent, painted by Salvador Dali and Picasso and mingling with Colette and Proust, Helena Rubinstein not only enjoyed unbelievable success, but was also instrumental in empowering and liberating women. Helena Rubinstein was a total original, and her legacy can still be seen today in the methods used to market and manufacture cosmetics. This is her amazing life story.

The Stolen Year Univ of California Press

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people'" (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

The phenomenon returns! Originally published in 1987, *The Book of Questions*, a New York Times bestseller, has been completely revised and updated to incorporate the myriad cultural shifts and hot-button issues of the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another. . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—*The New York Times Book Review*

A South African PI chases down a vicious ring of criminals in this mystery by an author who captures Johannesburg's "crazy boomtown energy" (*The New York Times*). When wealthy Pamela Jordaan hires PI Jade de Jong as a bodyguard after her husband Terrance disappears, Jade thinks keeping an eye on this anxious wife will be an easy way to earn some cash. But when a determined shooter nearly kills them both and Jade finds Terrance horrifically tortured and barely alive, she realizes that she has been drawn into a wicked game. At the same time, her relationship with police superintendent David Patel is on the rocks, and things only get more complicated when his son is kidnapped and his wife is blackmailed. It soon becomes clear that the kidnapping and the attempted killings of Pamela and her husband are tied to a human trafficking ring that stretches from Johannesburg to London. From the New York

Times best-selling coauthor of *Private: Gold*, who "does a superb job of making the reader care for her gutsy lead while offering a glimpse at life in South Africa after apartheid," this is a gritty, gripping work of international crime fiction (*Publishers Weekly*, starred review).

"Dancers/Hostesses required for top cabaret nightclubs both here and overseas. No experience necessary. Mega bucks to be earned. Telephone. . . ." Would you answer an ad like this? Thousands of women do and fall victim to the illegal trafficking in women by organized crime syndicates. Driven by the desire to start a career or escape poverty, women migrate in search of work and a better life for themselves and for their families. For some, this search is the beginning of a nightmare experience. From "hotel receptionist" to nightclub "dancer" to "domestic worker," *Stolen Lives: Trading Women Into Sex and Slavery* exposes how women are hired in their country of origin, transported, left without money, passports, or permits, and become trapped into prostitution or domestic slavery. Branded as illegal aliens and marooned in a culture they don't understand, they have nowhere to go and no one to help them. With personal testimony from women caught in the trafficking web, *Stolen Lives* reveals the violent inner workings of international crime networks, the routes and methods involved, and how trafficking gangs are able to circumvent the law. The trade in women is one of the most shameful abuses of human rights, yet it continues to be ignored by national governments. *Stolen Lives* confronts the hidden scandal of global trafficking which exploits women as they attempt to emancipate themselves.

A seventeenth-century minister tells his story of abduction by pirates, and a solo journey from Algiers to Copenhagen, in this remarkable historical text. In summer 1627, Barbary corsairs raided Iceland, killing dozens and abducting almost four hundred people to sell into slavery in Algiers. Among those taken was Lutheran minister Olafur Egilsson. Reverend Olafur—born in the same year as William Shakespeare and Galileo Galilei—wrote *The Travels* to chronicle his experiences both as a captive and as a traveler across Europe as he journeyed alone from Algiers to Copenhagen in an attempt to raise funds to ransom the Icelandic captives that remained behind. He was a keen observer, and the narrative is filled with a wealth of detail—social, political, economic, religious—about both the Maghreb and Europe. It is also a moving story on the human level: We witness a man enduring great personal tragedy and struggling to reconcile such calamity with his understanding of God. *The Travels* is the first-ever English translation of the Icelandic text. Until now, the corsair raid on Iceland has remained largely unknown in the English-speaking world. To give a clearer sense of the extraordinary events connected with that raid, this edition of *The Travels* includes not only Reverend Olafur's first-person narrative but also a collection of contemporary letters describing both the events of the raid itself and the conditions under which the enslaved Icelanders lived. Also included are appendices containing background information on the cities of Algiers and Salé in the seventeenth century, on Iceland in the seventeenth century, on the manuscripts accessed for the translation, and on the book's early modern European context.

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

**Twenty Years Later** Gallic Books

In the tradition of *A Year in Provence* and *Under the Tuscan Sun*, acclaimed English travel writer Tahir Shah shares a highly entertaining account of making an exotic dream come true. By turns hilarious and harrowing, here is the story of his family's move from the gray skies of London to the sun-drenched city of Casablanca, where Islamic tradition and African folklore converge—and nothing is as easy as it seems.... Inspired by the Moroccan vacations of his childhood, Tahir Shah dreamed of making a home in that astonishing country. At age thirty-six he got his chance. Investing what money he and his wife, Rachana, had, Tahir packed up his growing family and bought Dar Khalifa, a crumbling ruin of a mansion by the sea in Casablanca that once belonged to the city's caliph, or spiritual leader. With its lush grounds, cool, secluded courtyards, and relaxed pace, life at Dar Khalifa seems sure to fulfill Tahir's fantasy—until he discovers that in many ways he is farther from home than he imagined. For in Morocco an empty house is thought to attract jinns, invisible spirits unique to the Islamic world. The ardent belief in their presence greatly hampers sleep and renovation plans, but that is just the beginning. From elaborate exorcism rituals involving sacrificial goats to dealing with gangster neighbors intent on stealing their property, the Shahs must cope with a new culture and all that comes with it. Endlessly enthralling, *The Caliph's House* charts a year in the life of one family who takes a tremendous gamble. As we follow Tahir on his travels throughout the kingdom, from Tangier to Marrakech to the Sahara, we discover a world of fierce contrasts that any true adventurer would be thrilled to call home.

A gripping memoir that reads like a political thriller--the story of Malika Oufkir's turbulent and remarkable life. Born in 1953, Malika Oufkir was the eldest daughter of General Oufkir, the King of Morocco's closest aide. Adopted by the king at the age of five, Malika spent most of her childhood and adolescence in the seclusion of the court harem, one of the most eligible heiresses in the kingdom, surrounded by luxury and extraordinary privilege. Then, on August 16, 1972, her father was arrested and executed after an attempt to assassinate the king. Malika, her five younger brothers and sisters, and her mother were immediately imprisoned in a desert penal colony. After fifteen years, the last ten of which they spent locked up in solitary cells, the Oufkir children managed to dig a tunnel with their bare hands and make an audacious escape.
