Helena Rubinstein was born into a poor Polish family at the end of the nineteenth century; by the time of her death in 1965 she had built a cosmeti empire that spanned the world. When Rubinstein opened her first salon in Melbourne, her scientific approach to beauty was an instant sensation. Women just couldn't get enough of her innovative advice on skincare, and her beauty products were constantly sold out. Having conquered Australia, Rubinstein went on to open salons in Europe and America, at a time when women were barely seen in business, let alone running their own multinational companies. Dressed by Chanel and Yves St Laurent, painted by Salvador Dali and Picasso and mingling with Colette and Proust, Helena Rubinstein not only enjoyed unbelievable success, but was also instrumental in empowering and liberating women. Helena Rubinstein was a total original, and her legacy can still be seen today in the methods used to market and manufacture cosmeti. This is her amazing life story.

Learn how to persuade cats—the world ’ s most skeptical and cautious negotiators—with this primer on rhetoric and argument from the New York Times bestselling author of Thank You for Arguing! Cats are skilled manipulators who can talk you into just about anything without a single word (or maybe a meow or two). They can get you to drop whatever you ’ re doing and play with them. They can make you serve their dinner way ahead of schedule. They can get you to sit down in an instant to provide a lap. On the other hand, try getting a cat to do what you want.... While it ’ s hard, persuading a cat is possible. And after that, persuading humans becomes a breeze, and that is what you will learn in this book. How to Argue with a Cat will teach you how to: · Hold an intelligent conversation—one of the few things easier to do with a cat than a human. · Argue logically, even if your opponent is furry and irrational. · Hack up a fallacy (the hairball of logic). · Make your body do the talking (cats are very good at this). · Master decorum: the art of fitting in with cats, venture capitalists, or humans. · Learn the wisdom of predator timing to pounce at the right moment. · Get someone to do something or stop doing it. · Earn any creature ’ s respect and loyalty.

A seventeenth-century minister tells his story of abduction by pirates, and a solo journey from Algiers to Copenhagen, in this remarkable historical text. In summer 1627, Barbary corsairs raided Iceland, killing dozens and

abducting almost four hundred people to sell into slavery in Algiers. Among those taken was Lutheran minister Olafur Egilsson. Reverend Olafur—born in the same year as William Shakespeare and Galileo Galilei—wrote The Travels to chronicle his experiences both as a captive and as a traveler across Europe as he journeyed alone from Algiers to Copenhagen in an attempt to raise funds to ransom the Icelandic captives that remained behind. He was a keen observer, and the narrative is filled with a wealth of detail social, political, economic, religious about both the Maghreb and Europe. It is also a moving story on the human level: We witness a man enduring great personal tragedy and struggling to reconcile such calamity with his understanding of God. The Travels is the first-ever English translation of the Icelandic text. Until now, the corsair raid on Iceland has remained largely unknown in the English-speaking world. To give a clearer sense of the extraordinary events connected with that raid, this edition of The Travels includes not only Reverend Olafur ’ s first-person narrative but also a collection of contemporary letters describing both the events of the raid itself and the conditions under which the enslaved Icelanders lived. Also included are appendices containing background information on the cities of Algiers and Sal é in the seventeenth century, on Iceland in the seventeenth century, on the manuscripts accessed for the translation, and on the book ’ s early modern European context.

"Written with primal intensity, touched with redeeming compassion, Rudy Wiebe--has explored our history, our roots and the secrets of our hearts with moral seriousness and great feeling." Governor General's Award for Fiction Citation, 1994 A powerful, major work of non-fiction, beautifully written, from the twice winner of the Governor General's Award for Fiction, and the great-great-granddaughter of Big Bear. This is a story about justice, and terrible injustices, a story about a murder, and a courtroom drama as compelling as any thriller as it unravels the events that put Yvonne Johnson behind bars for life, first in Kingston's Federal Prison for Women until the riot that closed it, and presently in the Okimaw Ochi Healing Lodge in the Cypress Hills. But above all it is the unforgettable true story of the life of a Native woman who has decided to speak out and break the silence, written with the redeeming compassion that marks all Rudy Wiebe's writing, and informed throughout by Yvonne Johnson's own intelligence and poetic eloquence. Characters and events spring to life with the vividness of fiction. The story is told sometimes in the first person by Rudy Wiebe, sometimes by Yvonne herself. He tracks down the details of Yvonne's early life in Butte, Montana, as a child with a double-cleft palate, unable to speak until the kindness of one man provided the necessary operations; the murder of

her beloved brother while in police custody; her life of sexual abuse at the hands of another brother, grandfather and others; her escape to Canada - to Winnipeg and Wetaskiwin; the traumas of her life that led to alcoholism, and her slow descent into hell despite the love she found with her husband and three children. He reveals how she participated, with three others, in the murder of the man she believed to be a child abuser; he unravels the police story, taking us step by step, with jail-taped transcripts, through the police attempts to set one member of the group against the others in their search for a conviction - and the courtroom drama that followed. And Yvonne openly examines her life and, through her grandmother, comes to understand the legacy she has inherited from her ancestor Big Bear; having been led through pain to wisdom, she brings us with her to the point where she finds spiritual strength in passing on the lessons and understandings of her life. How the great-great-granddaughter of Big Bear reached out to the author of The Temptations of Big Bear to help her tell her story is itself an extraordinary tale. The co-authorship between one of Canada's foremost writers and the only Native woman in Canada serving life imprisonment for murder has produced a deeply moving, raw and honest book that speaks to all of us, and gives us new insight into the society we live in, while offering a deeply moving affirmation of spiritual healing.

The captivating account of how Clint Lorange, a soldier who became a scapegoat for a corrupt military hierarchy, was falsely charged with war crimes, imprisoned, and eventually pardoned by President Trump. While out on patrol in Afghanistan, Clint Lorange learned that two men, both suspected suicide bombers, were speeding toward a crowded city on motorcycles. Lorange couldn't see them, but his men on the ground had clear shots. After a split second, he gave the order to shoot, killing both men. In the

months that followed, Lorange was arrested by the military and put on trial for war crimes. Prosecutors claimed that the order he gave constituted an act of premeditated murder, and they sentenced him to twenty years in prison. In Stolen Honor, Lorange finally tells the story of this event and the trial it led to -- how the prosecutors declined to admit clear-cut evidence that would have exonerated him, how the men in his unit turned on him, and why he still believes he was right to give the order to shoot. It is a story that stretches from small-town America to the deserts of Afghanistan, from the White House to the tiny jail cell where Lorange spent six years waiting on his exoneration, which finally came when President Trump pardoned him in 2019. The book also discusses Lorange's plans to attend law school and help reform the broken military justice system.
