"[Jason Pargin] has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." —Joe Garden, Features Editor, The Onion "[Pargin] is like a mash-up of Douglass Adams and Stephen King... 'page-turner' is an understatement." —Don Coscarelli, director, Phantasm I-V, Bubba Ho-tep "That rarest of things--a genuinely scary story." —David Wellington, author of *Monster Island*, *Vampire Zero* "JOHN DIES AT THE END has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read." —Jacob Kier, Publisher, Permuted Press STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

"Wonderful . . . J. V. Jones is a striking writer." So says Robert Jordan, the author of *The Wheel of Time* epic fantasy series. And Jones lives up to that praise in the highly charged epic adventure of *Ash March* and Raif Sevrance, two outcasts whose fate are entwined by ancient prophecies and need, in the cold, dark world that threatens to be torn asunder by a war to end all wars. Isolated by their birthrights, they are but two who fight the dreaded Endlords, and their strength and courage will be needed if the world is to be saved from darkness." Raif, wrongly accused and cut off from his clan by the treachery of their new headman, has a talent for killing that is part of his curse and his burden. But he bears another burden of greater weight. Ash is a sacred warrior to the Sull, an ancient race whose numbers have declined. Raised as a foundling, never knowing her true history, she must learn to accept the terrible gifts of her heritage. But as Ash learns more of her greater fate, Raif's task looms dark and desperate, for he must journey through the nightmare realm of the Want, a place where even the Sull now fear to tread. For deep within the Want is the *Fortress of Grey Ice*, and there he must heal the breach in the Blindwall that already threatens the world. Should he fail, not even Ash's powers can save them. . . . The New York Times Best-Selling Series Continues. First Time in Paperback. A New War for Honor Harrington's Comrades on Manticore. Rear Admiral Michelle Henke was commanding one of the ships in a force led by Honor Harrington in all-out space battle. The odds were against the Star Kingdom forces, and they had to run. But Michelle's ship was crippled, and had to be destroyed to prevent superior Manticoran technology from falling into Havenite hands, and she and her surviving crew were taken prisoner. Much to her surprise, she was repatriated to Manticore, carrying a request for a summit conference between the leaders of the two sides which might end the war. But a condition of her return was that she gave her parole not to fight against the forces of the Republic of Haven until she had been officially exchanged for a Havenite prisoner of war, so she was given a command far away from the war's battle lines. What she didn't realize was that she would find herself on a collision course, not with a hostile government, but with the interstellar syndicate of criminals known as Manpower. And Manpower had its own plans for eliminating Manticore as a possible threat to its lucrative slave trade, deadly plans which remain hidden in the shadows.

A reverse harem, enemies to lovers, slow burn romance. "The relentless clock of fate was groaning over to the next hour, ringing the arrival of a battle as old as time, sounding the final alarm, the final chance to fall to our blades or lift them high. It was repeating infernal hours that grew hungrier with each turn, more vicious than the day, the year, the century before." The end was here. The great war had begun. I had been torn apart and remade, a marionette to dance over the coals of this world, stitched together by my tormentors. The great masters thought they could break me down and own me. They were wrong. I had won my freedom, my place in this world, my golden-eyed protector by my side. Until it happened again; the grim call of fate looking out at me through eyes of darkness, the great masters waiting with the power I needed, curses and promises in their hands. It was time to make another deal. It was time to play their game in earnest. Book 2 in the *Tempest of Shadows* series. Over 105,000 words. This is a slow burn with DARK themes, unwilling anti-heroes, and one hell of a kick-ass heroine woven through a rich fantasy setting.
