This updated edition of *The Secret State* revises Hennessy's picture of the Soviet threat that was presented to ministers from the last days of the Second World War to the 1960s. He maps the size and shape of the Cold War state built in response to that perceived threat, and traces the arguments successive generations of ministers, the military and civil servants have used to justify the British nuclear capability. He also adds new material exploring the threats presented by the IRA and radical Islamic terrorists post 9/11. In what circumstances would the Prime Minister authorize the use of nuclear force and how would his orders be carried out? What would the Queen be told and when? In this captivating new account, Peter Hennessy provides the best answers we have yet had to these questions.

Embracing Survival, a memoir by Dydine Umunyana, tells the story of the Rwandan Genocide against the Tutsis at the hands of the Hutu perpetrators in Rwanda (1994) through the eyes of the four-year-old child that she was when the horrific massacre occurred. Separated from her family, she barely survived the conflict. While the physical killing finally stopped, the mental and emotional 'killing' continued, affecting her and her family. She writes that "I have learned that we cannot do for others what we cannot do for ourselves. By nourishing the light within ourselves, we find strength we never knew was there....I came to realize that one's own life experiences are not theirs to keep but ours to teach."

There was never a more terrible time for Jews in Europe than from 1938 to 1945. The Nazis had overrun a great deal of the continent, bent on the domination of the world and the annihilation of an entire people. The death camps, unknown to most outside Europe, claimed more than six millions Jews during that time. Some endured -- and most have breathtaking stories of survival. Why they survived when so many perished is a matter of coincidence, luck, the will to live and the courage and sacrifice of many others. The full scope of that sacrifice will never be completely chronicled, it is just too vast. "Good-bye for Always, *The Triumph of the Innocents*" is the story of the youngest members of the Wideman family, who moved to Paris from Poland, only to be caught up in the horror of the Nazi occupation. In 1942, Cecile and Betty Wideman began a journey into the belly of the worst beast mankind has to offer. For two years they were literally one step ahead of death, as Nazi cruelty sought to envelop them as it had millions of others. How they survived, why they survived and who nearly gave their own lives to protect them is a story of inspiration and will that is sure to live forever.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few

times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards *Kingdom Hill* Georgetown University Press

Remembering the lessons of Jan Karski, who risked his life to share the truth with the world Richly illustrated with stills from the black-and-white film adaptation of the acclaimed stage play, Remember This: The Lesson of Jan Karski tells the story of World War II hero, Holocaust witness, and Georgetown University professor Jan Karski. A messenger of truth, Karski risked his life to carry his harrowing reports of the Holocaust from war-torn Poland to the Allied nations and, ultimately, the Oval Office, only to be ignored and disbelieved. Despite the West's unwillingness to act, Karski continued to tell others about the atrocities he saw, and, after a period of silence, would do so for the remainder of his life. This play carries forward his legacy of bearing witness so that future generations might be inspired to follow his example and "shake the conscience of the world." Accompanying the text of the stage play in this volume are essays and conversations from leading diplomats, thinkers, artists, and writers who reckon with Karski's legacy, including Secretary of State Madeleine Albright, Ambassador Stuart Eizenstat, award-winning author Aminatta Forna, best-selling author Azar Nafisi, President Emeritus of Georgetown Leo J. O'Donovan, SJ, Ambassador Samantha Power, Ambassador Cynthia P. Schneider, historian Timothy Snyder, Academy AwardTM nominated actor David Strathairn, and best-selling author Deborah Tannen.

The first biography of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller. The story also follows the band through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day. Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music.

Now an Award-Winning Finalist in the Non-Fiction: Narrative category of The 2012 USA Best Book Awards, sponsored by USA Book News. Obtain a free 40-page excerpt on www.kirschstonebooks.com. Against the backdrop of World War II tragedy and devastation in Latvia, Poland and Germany and three decades of European history, this true narrative provides a window into the palpitating heart of wartime upheaval through the lives of Rolf Dutzmann and Lilo Wassull-two people fatefully positioned "on the other side." In December of 1939, swept along on a tide of dire necessity and circumstance due to the imminent Soviet takeover of his homeland, Rolf, a young Latvian aeronautical engineering student, flees with his family to Germany, a country fully under Hitler's control and already engaged in a brutal war. While the account chronicles Rolf's pursuit of his technical dream against daunting wartime odds, it is first and foremost a poignant love story that plays out against a panorama of worldwide chaos and destruction. It is also a story of the seen and unseen forces that coalesce to keep Rolf and Lilo alive after they meet in 1940 Berlin, leading them through a chain of cataclysmic events including Rolf's draft into the Luftwaffe and his father's

assignment as chief inspector of V-2 rocket production; the bombing of Berlin; the destruction of their homes; their numerous desperate, cross-country escapes from the bombing, the advancing Soviet troops from the east, and other Allied forces from the west; the POW camp hardships; and the deprivation of the postwar years. Despite the immeasurable evil, suffering and desolation of World War II, a synchronistic chain of events provides an uplifting reminder that love and hope may take wing even out of the ashes of life's most terrifying adversities.

The Secret State University of Michigan Press Revised and updated, with previously unpublished material, and a new Introduction and Afterword A young Polish diplomat turned cavalry officer, Jan Karski joined the Polish Underground movement in 1939. He became a courier for the Underground, crossing enemy lines to serve as a liaison between occupied Poland and the free world. In 1942, Jewish leaders asked him to carry a desperate message to Allied leaders: the news of Hitler's effort to exterminate the Jews of Europe. To be able to deliver an authentic report, Karski twice toured the Warsaw Ghetto in disguise and later volunteered to be smuggled into a camp that was part of the Nazi murder machine. Carrying searing tales of inhumanity, Karski set out to alert the world to the emerging Holocaust, meeting with top Allied officials and later President Roosevelt, to deliver his descriptions of genocide. Part spy thriller and part compelling story of moral courage against all odds, Karski is the first definitive account of perhaps the most significant warning of the impending Holocaust to reach the free world. Formerly a staff archivist for the National Archives and a senior intelligence analyst with the Central Intelligence Agency, Rudgers challenges the popular view that the Agency was principally the brainchild of former OSS chief William J. Donovan. Rather, he explains, the centralization of intelligence was part of a larger reorganization of the US government during the transition from World War II to the Cold War. He also documents how it swerved from its original purpose of guarding against sneak attacks to taking part in clandestine activity against the Soviet Union.
