#1 New York Times bestseller with more than 11 million copies sold! When 4-year-old Colton Burpo emerges from life-saving surgery with remarkable stories of his visit to heaven, his family doesn't know what to believe. Heaven is For Real details what Colton saw and his family's journey towards accepting their young son had visited the afterlife. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." Colton told his parents he left his body during an emergency surgery—and proved that claim by describing exactly what his parents were doing in another part of the hospital during his operation. He talked of visiting heaven and described events that happened before he was born and how he spoke with family members he'd never met. Colton also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, even though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton recounts his visit to heaven, describing: Meeting long-departed family members Jesus, the angels, how "really, really big" God is, and how much God loves us How Jesus called Todd, Colton's father, to be a pastor The Battle of Armageddon Retold by his father, but using Colton's uniquely simple words, Heaven Is for Real offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." Heaven Is for Real will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Praise for Heaven is for Real: "A beautifully written glimpse into heaven that will encourage those who doubt and thrill those who believe." —Ron Hall, coauthor of Same Kind of Different as Me Searching for Sky New Press, The

A #1 New York Times Bestseller! "Funny, insightful, illuminating..." —The Boston Globe Twelve years ago, Midnight in the Garden of Good and Evil exploded into a monumental success, residing a record-breaking four years on the New York Times bestseller list (longer than any work of fiction or nonfiction had before) and turning John Berendt into a household name. The City of Falling Angels is Berendt's first book since Midnight, and it immediately reminds one what all the fuss was about. Turning to the magic, mystery, and decadence of Venice, Berendt gradually reveals the truth behind a sensational fire that in 1996 destroyed the historic Fenice opera house. Encountering a rich cast of characters, Berendt tells a tale full of atmosphere and surprise as the stories build, one after the other, ultimately coming together to portray a world as finely drawn as a still-life painting.

Winner - Edward Stanford Travel Memoir of the Year 2019.

Longlisted for the Rathbones Folio Prize. 'An extraordinary travelogue, strange and brilliant' i In 2013 Guy Stagg made a pilgrimage from Canterbury to Jerusalem. Though a non-believer, he began the journey after suffering several years of mental illness, hoping the ritual would heal him. For ten months he hiked alone on ancient paths, crossing ten countries and more than 5,500 kilometres. The Crossway is an account of this extraordinary adventure. Having left home on New Year's Day, Stagg climbed over the Alps in midwinter, spent Easter in Rome with a new pope, joined mass protests in Istanbul and survived a terrorist attack in Lebanon. Travelling without support, he had to rely each night on the generosity of strangers, staying with monks and nuns, priests and families. As a result, he gained a unique insight into the lives of contemporary believers and learnt the fascinating stories of the soldiers and saints, missionaries and martyrs who had followed these paths before him. The Crossway is a book full of wonders, mixing travel and memoir, history and current affairs. At once intimate and epic, it charts the author's struggle to walk towards recovery, and asks whether religion can still have meaning for those without faith. It was a BBC Radio 4 'Book of the Week' on publication.

BUZZFEED'S "BEST BOOKS OF JUNE" FROLIC'S "UNDER THE RADAR" SELECTED JUNE READS Mona is a Millennial perfectionist who fails upwards in the midst of the 2008 economic crisis. Despite her potential, and her top-of-her-class college degree, Mona finds herself unemployed, living with her parents, and adrift in life and love. Mona's the sort who says exactly the right thing at absolutely the wrong moments, seeing the world through a cynic's eyes. In the financial and social malaise of the early 2000s, Mona walks a knife's edge as she faces down unemployment, underemployment, the complexities of adult relationships, and the downward spiral of her parents' shattering marriage. The more Mona craves perfection and order, the more she is forced to see that it is never attainable. Mona's journey asks the question: When we find what gives our life meaning, will we be ready for it?

"You don't have to have a murdered sister to be a good homicide detective, but it helps." Finding Bethany, the best-selling Alaskan book, is a behind-the-scenes true crime memoir of murder and justice in the Last Frontier of Alaska. Finding Bethany is the true story of how, as a young boy, Glen Klinkhart was unable to save his sister from a heinous sexual homicide, and how he began his journey as a police officer to find the lost, the missing, and to bring those who would do evil upon others to justice. His career as a homicide detective takes the reader

along as he travels from the brink of exhaustion and obsession and into the dark and evil world of sociopathic killers, and those who would do anything to help them. Finding Bethany details what real life homicide investigations are like, from his unique perspective as a victim and as a reluctant hero. The reader will experience the bizarre twists and turns down dark paths which result in macabre dead ends, and unexpected miracles found within the darkest of circumstances. His cases include the stories of people who were willing to give of themselves for someone they often didn't even know. Finding Bethany is also about two brothers – one a sociopath, the other a good man whose own love for his evil brother had been exploited his entire life.

True stories of writers and pirates, painters and potheads, guitar pickers and drug merchants in Key West in the 1970s. For Hemingway and Fitzgerald, there was Paris in the twenties. For others, later, there was Greenwich Village, Big Sur, and Woodstock. But for an even later generation—one defined by the likes of Jimmy Buffett, Tom McGuane, and Hunter S. Thompson—there was another moveable feast: Key West, Florida. The small town on the two-by-four-mile island has long been an artistic haven, a wild refuge for people of all persuasions, and the inspirational home for a league of great American writers. Some of the artists went there to be literary he-men. Some went to re-create themselves. Others just went to disappear—and succeeded. No matter what inspired the trip, Key West in the seventies was the right place at the right time, where and when an astonishing collection of artists wove a web of creative inspiration. Mile Marker Zero tells the story of how these writers and artists found their identities in Key West and maintained their friendships over the decades, despite oceans of booze and boatloads of pot, through serial marriages and sexual escapades, in that dangerous paradise. Unlike the "Lost Generation" of Paris in the twenties, we have a generation that invented, reinvented, and found itself at the unending cocktail party at the end—and the beginning—of America's highway.

The Kitchen Daughter SecurusMedia

When life suddenly comes apart, a widow finds a new path forward with the help of a close-knit island community in this heartwarming novel. As a native New Englander, Sydney Webster is surprised to find herself starting over on an island off the coast of Florida. Yet here she is in Cedar Key, trying to pull herself together after her husband's untimely death—and the even more untimely revelation of his gambling addiction. Bereft of her comfortable suburban life, Syd takes shelter at a college pal's bed and breakfast. Amidst the bougainvillea blossoms and the island's gentle rhythms, she begins to plan her next chapter. . . Syd never considered the possibility of turning her passion for spinning and knitting into something more than a hobby, but when the unique composition of her wool draws attention, a new door opens. Yet even as she ventures out of her comfort zone, Syd finds herself stepping into the embrace of a community rich with love, laughter, friendship. . . and secrets. And as long-hidden truths are revealed, Syd faces a choice: spin herself a safety net—or spin decidedly forward. . .

A series of strange cold-case ritual murders leads Maui detective Kali M'hoē on a trail of legendary vengeful spirits and more human monsters in paradise. Kali M'hoē, Hawaiian cultural expert and detective with the Maui Police Department, has been called to a bizarre crime scene. In the recesses of a deep trench on Lana'i Island, a derelict refrigerator has been unearthed. Entombed inside are the skeletal remains of someone buried decades ago. Identification is a challenge. The body is headless, the skull replaced with a chilling adornment: a large, ornately carved wooden pineapple. The old field soon yields more long-buried secrets, and Kali is led along an increasingly winding path that brings to light an unlikely suspect, an illegal cock-fighting organization, and a strange symbol connected to a long-disbanded religious cult. Her task is to dispel the dark shadows lingering over the Palawai Basin plains, and to solve a puzzle that no one wants exposed by the bright, hot tropical light. To discover the answer, Kali will be drawn deeper in the mysteries of the island's ancient legends—stories that tell of an enraged rooster god and man-eating monsters. For Kali, a detective of sound logic and reason, it's not easy to consider the unknown for explanations for what appears to be a series of illogical links in a twisting chain of deadly events. Or safe. Because the dormant pineapple fields of Lana'i have yet to give up their darkest and most terrifying secrets.

A powerful tragedy distilled into a small masterpiece by the Nobel Prize-winning author of Beloved and, almost like a prelude to that story, set two centuries earlier. Jacob is an Anglo-Dutch trader in 1680s United States, when the slave trade is still in its infancy. Reluctantly he takes a small slave girl in part payment from a plantation owner for a bad debt. Feeling rejected by her slave mother, 14-year-old Florens can read and write and might be useful on his farm. Florens looks for love, first from Lina, an older servant woman at her new master's house, but later from the handsome blacksmith, an African, never enslaved, who comes riding into their lives. . . At the novel's heart, like Beloved, it is the ambivalent, disturbing story of a mother and a daughter – a mother who casts off her daughter in order to save her, and a daughter who may never exorcise that abandonment.

. . . In *Cold Blood*, *The Electric Kool-Aid Acid Test*, *Fear and Loathing in Las Vegas*, *Slouching Towards Bethlehem*, *The Armies of the Night* . . . Starting in 1965 and spanning a ten-year period, a group of writers including Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, and Michael Herr emerged and joined a few of their pioneering elders, including Truman Capote and Norman Mailer, to remake American letters. The perfect chroniclers of an age of frenzied cultural change, they were blessed with the insight that traditional tools of reporting would prove inadequate to tell the story of a nation manically hopscotching from hope to doom and back again—from war to rock, assassination to drugs, hippies to Yuppies, Kennedy to the dark lord Nixon. Traditional just-the-facts reporting simply couldn't provide a neat and symmetrical order to this chaos. Marc Weingarten has interviewed many of the major players to provide a startling behind-the-scenes account of the rise and fall of the most revolutionary literary outpouring of the postwar era, set against the backdrop of some of the most turbulent—and significant—years in contemporary American life. These are the stories behind those stories, from Tom Wolfe's white-suited adventures in the counterculture to Hunter S. Thompson's drug-addled invention of gonzo to Michael Herr's redefinition of war reporting in the hell of Vietnam. Weingarten also tells the deeper backstory, recounting the rich and surprising history of the editors and the magazines who made the movement possible, notably the three greatest editors of the era—Harold Hayes at *Esquire*, Clay Felker at *New York*, and Jann Wenner at *Rolling Stone*. And finally Weingarten takes us through the demise of the *New Journalists*, a tragedy of hubris, miscalculation, and corporate menacing. This is the story of perhaps the last great good time in American journalism, a time when writers didn't just cover stories but immersed themselves in them, and when journalism didn't just report America but reshaped it. "Within a seven-year period, a group of writers emerged, seemingly out of nowhere—Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, Michael Herr—to impose some order on all of this American mayhem, each in his or her own distinctive manner (a few old hands, like Truman Capote and Norman Mailer, chipped in, as well). They came to tell us stories about ourselves in ways that we couldn't, stories about the way life was being lived in the sixties and seventies and what it all meant to us. The stakes were high; deep fissures were rending the social fabric, the world was out of order. So they became our master explainers, our town criers, even our moral conscience—the *New Journalists*." —from the Introduction

To read Hal Crowther is to find yourself agreeing with views on topics you never knew you cared so much about. In *Gather at the River*, Crowther extends the wide-angle vision of Southern life presented in his highly acclaimed collection *Cathedrals of Kudzu*. He cuts to the heart of recent political, religious, and cultural issues but pauses to appreciate the sweet things that the South has to offer, like music, baseball, great writers, and strong women. Some of these essays invite debate. Crowther gives a balanced perspective on the tragedy of the Branch Davidians at Waco, shedding light on a different world of religiosity and revealing urban media prejudices for what they are. He describes the unique heroism of a fallen Marine in the Iraq war, a war fought by one class and promoted by another. And his solution to racial conflict -- interracial procreation -- will jump-start readers' sensibilities. In other chapters, Crowther discusses the grim portrayal of the South in early film and the triumphs of Southern music. His literary essays include appreciations of William Faulkner, Thomas Wolfe, Elizabeth Spencer, and Wendell Berry, and a biting lampoon of exhibitionist memoirs. Among the Southerners Crowther profiles with pride are the art historian and Museum of Modern Art curator Kirk Varnedoe; the great, cursed baseball player Shoeless Joe Jackson; the curmudgeonly realist H. L. Mencken; and the singer Dolly Parton, whose candid artifice inspires the author's litmus test for Southern authenticity.

In a stunningly original look at the American Declaration of Independence, David Armitage reveals the document in a new light: through the eyes of the rest of the world. Not only did the Declaration announce the entry of the United States onto the world stage, it became the model for other countries to follow. Armitage examines the Declaration as a political, legal, and intellectual document, and is the first to treat it entirely within a broad international framework. He shows how the Declaration arose within a global moment in the late eighteenth century similar to our own. He uses over one hundred declarations of independence written since 1776 to show the influence and role the U.S. Declaration has played in creating a world of states out of a world of empires. He discusses why the framers' language of natural rights did not resonate in Britain, how the document was interpreted in the rest of the world, whether the Declaration established a new nation or a collection of states, and where and how the Declaration has had an overt influence on independence movements—from Haiti to Vietnam, and from Venezuela to Rhodesia. Included is the text of the U.S. Declaration of Independence and sample declarations from around the world. An eye-opening list of declarations of independence since 1776 is compiled here for the first time. This unique global perspective demonstrates the singular role of the United States document as a founding statement of our modern world.

Build an iconic shopping experience that your customers love—and a work environment that your employees love being a part of—using this blueprint from Trader Joe's visionary founder, Joe Coulombe. Infuse your organization with a distinct personality and culture that draws customers in a way that simply competing on price cannot. Joe Coulombe founded what would become Trader Joe's in the late 1960s and helped shape it into the beloved, quirky food chain it is today. Realizing early on that he could not compete and win by playing the same game his bigger competitors were playing, he decided to build a store for educated people of somewhat modest means. He brought in unusual products from around the world and promoted them in the *Fearless Flyer*, providing customers with background on how they were sourced and their nutritional value. He also gave the stores a tiki theme to reinforce the exotic trader ship concept with employees wearing Hawaiian shirts. In this way, Joe laid down a blueprint for other business owners to follow to build their own unique shopping experience that customers love, and a work environment that employees love being a part of. In *Becoming Trader Joe*, Joe shares the lessons he learned by challenging the status quo and rethinking the way a business operates. He shows readers of all types: How moving from a pure analytical approach to a more creative, problem-solving approach can drive innovation.

How finding an affluent niche of passionate customers can be a better strategy than competing on price and volume. How questioning all aspects of the way you do business leads to powerful results. How to build a business around your values and identity.
