Because it's from a university press, I must admit I expected Streaming, Sharing, Stealing to be a

somewhat dull economic textbook - but in reality it is a great read and a cracking business book, giving the clearest explanation I've ever seen of what is happening to three arms of the entertainment business - book publishing, music and TV/film - in the face of the internet/digital revolution.

Streaming, Sharing, Stealing | The MIT Press

Streaming, Sharing, Stealing: Big Data and the Future of Entertainment . Traditional network television programming has always followed the same script: executives approve a pilot, order a trial number of episodes, and broadcast them, expecting viewers to watch a given show on their television sets at the same time every week But then came Netflix ' s House of Cards Netflix gauged the show ' s ...
