Fast Movements make ALL runners winners! Harper Collins
Why did the once-ardent hero of the American Revolution become its most scandalous general?? In the spring of 1792, President George Washington chose “ Mad ” Anthony Wayne to defend America from a potentially devastating threat. Native forces had decimated the standing army and Washington needed a champion to open the country stretching from the Ohio River westward to the headwaters of the Mississippi for settlement. A spendthrift, womanizer, and heavy drinker who had just been ejected from Congress for voter fraud, Wayne was an unlikely savior. Yet this disreputable man raised a new army and, in 1794, scored a decisive victory at the Battle of Fallen Timbers, successfully preserving his country and President Washington ’ s legacy. Drawing from Wayne ’ s insightful and eloquently written letters, historian Mary Stockwell sheds light on this fascinating and underappreciated figure. Her compelling work pays long-overdue tribute to a man—ravaged physically and emotionally by his years of military service—who fought to defend the nascent American experiment at a critical moment in history.

StretchHarper Collins
Unlikely Hero Lippincott Williams & Wilkins
Written by Johns Hopkins University School of Medicine faculty and surgical residents, the second edition of The Johns Hopkins ABSITE Review Manual delivers comprehensive coverage of the American Board of Surgery In-Training Examination through two full-length practice tests. Both tests are based on actual key words from recent ABSITEs, and are accompanied by test review sections, which go over every practice test question and answer, providing rationales behind surgical decision-making. ABSITE-style question format familiarizes readers with the test ’ s presentation and content. This edition features twice the number of questions as in the previous edition, offering even more opportunities for self-paced review. Rationales for correct and incorrect responses help to identify the test-taker ’ s strengths and weaknesses. A convenient companion website offers a complete online test bank to facilitate studying on the go and simulate the actual examination. This book is ideal not only for those preparing for the ABSITE, but also for surgeons and residents studying for the general surgery qualifying exam and for all surgical residents seeking to review key topics during rotations.
The Unlikely Voyage of Jack De Crow Harvard Business Press
"Hogan. Jack Hogan." The cocky ex-Secret Service agent is determined to point out the security risks in this eccentric little beach town. Mayor Claire Betancourt's town. Claire is just as determined to protect Heron Point and its free-spirited citizenshowever quirky they may befrom his interference. No way are Jack's take-charge attitude and dangerous good looks going to sway her. But Claire gets a shocking reality check when her nine-year-old daughter is kidnapped and Jack is the only one who can save her. And he's surprised to discover that what started out as just a job has suddenly become very personal.
Inelastic Energy Transfer In Interactions With Surfaces And Adsorbates Thomas & Mercer

Achieving the Sustainable Development Goals through Finance, Technology and Law Reform Achieving the SDGs requires a fundamental rethink from businesses and governments across the globe. To make the ambitious goals a reality, trillions of dollars need to be harnessed to mobilise finance and accelerate progress towards the SDGs. Bringing together leaders from the World Bank, the financial and business sectors, the startup community and academia, this important, topically relevant volume explains what the SDGs are, how they came about and how they can be accelerated. Real-world case studies and authoritative insights address how to direct

investment of existing financial resources and re-align the global financial system to reflect the SDGs. In depth chapters discuss how financial institutions, such as UBS Wealth Management, Manulife Asset Management and Moody's Rating Agency are supporting the SDGs. The opportunities arising from Blockchain, Big Data, Digital Identity and cutting-edge FinTech and RegTech applications are explored, whilst the relevance of sustainable and transparent global supply chains is underscored. Significant attention is paid to law reform which can accelerate progress of the SDGs through SME Financing, Crowdfunding, Peer-to-Peer Lending and tax restructuring. To achieve the ‘World We Want’, much needs to be done. The recommendations contained within this book are critical for supporting a fundamental shift in thinking from business and governments around the world, and for building a more just and prosperous future for all.
Iron Age Stretch
DOWNWARD-FACING DEATH...Blessed with uncanny deductive skills and a blasé disregard for authority, Matt Bolster was a rising LAPD homicide detective by the age of thirty-five. He was also overworked, near-alcoholic, and miserable. Then, to impress a girl, he agreed to try yoga. And with a single savasana, everything changed. Now Bolster has traded his badge for a three-day stubble and the life of an itinerant yoga teacher, dabbling in PI work to make rent. He mostly handles missing-persons cases, credit-card fraud — nothing too messy. But that's before Ajoy Chaterjee, the wealthy mogul behind one of the world's leading yoga-business empires, is found murdered inside his West L.A. flagship studio. Bolster knows the LAPD doesn't have a prayer of cracking the secrets of the yoga world. But he does, and he really needs the dough. Of course, sticking to the principles of the yamas and niyamas during a murder investigation isn't easy, especially with so many alluring women among the suspects. But personal ethics will be the least of Bolster's problems if the killer finds him first.

Jewball Frontiers E-books
Emphasizing experimental approaches and recent discoveries, a comprehensive, up-to-date introduction to essential concepts of cellular neuroscience provides an in-depth look at the structure and function of nerve cells, from protein receptors and synapses to the biochemical processes that drive the mammalian nervous system.

Reward Systems Harlequin
This book is a collection of essays that describe the author's experiences as an expat living in London, England and Duri, Sumatra, Indonesia. The vignettes are funny, candid, and powerful.
Moving Stretch Yale University Press
The book covers most current research and theory to underpin practice. It provides relevant clinical applications for sport and movement, and gives the manual therapist information on how different activities influence the body and the kind of injuries that might occur. The book upgrades the knowledge of the sport professional, yoga teacher and Pilates trainer with the necessary background to understand the injuries that might present and how to assess and refer.

Fascia in Sport and Movement Handspring Publishing Limited
Rely on the unstoppable power of the gospel, not your own words Most Christians have people in their lives who they're sure will never come to faith. Whether they're too committed to their sinful ways, too angry at God, or too quick to shut down any mention of the saving grace of Jesus, these long shots don't seem worth approaching. But some of the most unlikely converts have the strongest faith stories, and they can be a source of incredible encouragement for Christians who are trying to evangelize those around them. Randy Newman knows firsthand the discomfort that comes with sharing the gospel. He's been tongue-tied and timid too. But the truth is, we don't need to sound like the brilliant, charismatic, legendary evangelists. In this book, Randy shares surprising conversion stories straight from those who took the long way around to Christianity. He considers current cultural trends that make evangelism more difficult today. Then with his characteristic upbeat style, he offers practical ways, and even exact wording, to proclaim the gospel and includes a plan of action. In the end, Unlikely Converts encourages us to remember that while the Great Commission requires us to share the good news, it does not require perfection, only confidence in the message.

Make Your Ideas Mean Business Routledge
Positional Release Techniques continues to be the go-to resource for those who want to easily learn and confidently use this manual approach to safely manage pain and dysfunction in humans (and animals). As well as a structural revision, the fourth edition now includes new illustrations and chapters with videos and an image bank on a companion website to reinforce knowledge. At its core, the book explores the principles and modalities of the different forms of positional release techniques and their application which range from the original strain/counterstrain method to various applications in physical therapy, such as McKenzie's exercise protocols and kinesio-taping methods that ‘unload’ tissues. These methods are traced from their historical roots up to their current practice with a showcase of emerging research and evidence. In addition to a series of problem-solving clinical descriptions supported by photos of assessment and treatment methods, learning is further boosted by practical exercises which examine PRT methodology and the mechanics of their use. Emphasises safety and usefulness in both acute and chronic settings Comprehensive coverage of all methods of spontaneous release by positioning Easy to follow and extensively illustrated Balanced synopsis of concepts and clinical-approach models throughout Learning supported by problem-solving clinical descriptions and practical exercises in the book as well as videos and downloadable images on the companion website - www.chaitowpositionalrelease.com Revised content structure New chapters including: Strain/counterstrain research Positional release and fascia Balanced ligamentous tension techniques Visceral positional release: the counterstrain model Redrawn and new artwork Companion website – www.chaitowpositionalrelease.com – containing videos that demonstrate application of PRTs and bank of downloadable images
Don't Forget to Write for the Secondary Grades Elsevier Health Sciences
The arrival of Michael Bowen's bride, married sight unseen by proxy, sends the rancher reeling. With her trousers, cowboy hat and rifle, she looks like a female outlaw—not the genteel lady he corresponded with for months. He's been hoodwinked into marriage with the wrong woman! Selina Farleigh Bowen loved Michael's letters, even if she couldn't read them herself. A friend read them to her, and wrote her replies—but apparently that "friend" left things out, like Michael's dream of a wife who was nothing like her. Selina won't change who she is, not even for the man she loves. Yet time might show Michael the true value of his unlikely wife.

An Unlikely Match Kregel Publications
A DAMSEL IN DISTRESS One minute, wealthy bride-to-be Paige Davenport was dressing for her wedding. An hour later, she was stranded by the side of the road, fending off the attentions of two unsavory characters. How did she get into this mess? But just when she needed a hero, one arrived. Little did she expect her rescuer to be... A HELL-RAISER ON A HARLEY The last thing private investigator Logan Walker wanted to be was a hero, But how could he leave the sexy, sassy redhead alone on the side of the road? She was obviously in trouble...and soon, so was he. Paige's body tempted him, her eyes taunted him. All Logan could think of was keeping her in his bed indefinitely. But Paige already had a groom—and he was still looking for her....

New Developments in Goal Setting and Task Performance John Wiley & Sons
A classic Signet Regency Romance that "sparkles" (Literary Times) from Gail Eastwood. Available digitally for the first time The twin daughters of the Duke of Roxley have beauty, brains, wealth and rank, but they refuse offers of marriage and test all their suitors beyond limits. Badgered into attending a house party at the Duke's palatial estate, scholar Gilbey Kentwell, the Viscount Cranford, has agreed to help look out for his best friend's sisters, knowing he is no candidate for their hands. But when he learns the secret they are hiding, and then finds they are threatened by a blackmailer, he asks himself: What's a hero to do? Can he help them without losing his heart? Don't miss other classic Signet Regency Romances from Gail Eastwood, including A Perilous Journey, now available as an e-book!
Sustainable Development Goals Simon and Schuster
The goal of the book is to solve the three big problems plaguing our world: poverty,

war, and environment deterioration from pollutions. The big three, besides making lives unbearable for billions, also have increasingly threatened to destroy us. Many, including the wisest and the most learned the human race has to offer, have tried and only to fail. The reason is simple: they just dont know what the reasons behind the problems are. This book, The Quest of an Unlikely Fixer, has through biophysics, clearly identified that the selfish nature of living organisms is the only reason. Selfishness always leads to hurtful behaviors; that is one of the reasons. The other reason is our godlike power. But we sadly dont have the right morality to guide this power. The solution to human selfishness and our godlike power is by a correct, new golden-rule-based morality, which allows us to come up with two moral principles to deal with selfishness. The book introduces moral selfishness as the tool to heal our sick planet. Following moral selfishness will promote intelligence and cooperation among the people of the world. It will bring a paradise to our planet. The book is full of original ideas.

Handbook of Physiology Rowman & Littlefield

Want to make a documentary Meet Amy Sewell, a former stay-at-home mother of twins with no filmmaking experience, who fell in love with a story about ballroom dancing kids. She went on to make and sell one of the most successful documentaries of all time. Is that possible? How did she do it? In this engaging and insightful book, Sewell, the writer and producer of Mad Hot Ballroom, takes readers through the process. She describes her struggles and shares what she learned, from refining an idea, to raising money, to hiring a crew, to the festival circuit, distribution, and beyond. Informed by charming personal anecdotes and her infectious enthusiasm and energy, this book is an essential and inspiring guide to filmmaking from someone who burst on the scene, made her own rules, and survived to tell the tale. The Mad Hot Adventures of an Unlikely Documentary Filmmaker is a must-read for all aspiring filmmakers.

Downward-Facing Death Harvard University Press

Presents the true story of a friendship that has spanned three decades, recounting how the author, a harried sales executive, befriended an eleven-year-old panhandler, changing both of their lives forever.

Interactive and engaging style Real-life cases and reports written by managers at the chalkface

Pothead Trafford Publishing

It's one of the thorniest management problems around: dealing with unmotivated, low-performing employees. It's easy to point the finger of blame at them. But in most companies, it's the reward system, not the workforce, that's causing poor attitudes and performance: many reward systems actually discourage desired behaviors while rewarding the very actions that drive executives crazy. In Reward Systems: Does Yours Deliver? Steve Kerr describes the steps you must take to create an effective reward system: - Clarify what you mean by "performance" -- in ways that help employees understand how they can support what you're trying to accomplish - Devise an effective performance-measurement system that distinguishes between metrics used for control and those used for employees' development - Design a reward system that motivates people to do what you want them to do while also meeting their needs To get the most from employees, you don't need to add headcount, upgrade your IT capabilities, or hire consultants. You do need to develop the right reward system. This book shows you how. From our new Memo to the CEO series -- solutions-focused advice from today's leading practitioners.
