A slightly larger farm engine model that I designed in 1976. Plans for building it were published in 1988 in Strictly IC, and again with improvements in that magazine in 2000. Many of these have been made both in the U.S. and abroad, and this model has been used as a project in technical schools for machine shop training.

In January 2001 I decided to build a horizontal hit and miss engine. I looked at the

plans in Strictly I.C. Magazine and was not impressed by the boxy designs. In February, I went to an Engine and Tractor Show and saw lots of engines. I took the features from three different engines and added them to the sketches I had made. Strictly I.C. Magazine December 1997 Bill Reichart EX No ...
