The best baseball team of the 20th century? How about the 1906 Cubs? Or the 1998 Yankees? Don't forget the 1929 A's, or the 1976 Reds. Some say the Yanks had a pretty good squad in 1927. There were so many great teams in the last century, it would be hard to compile a list of the 25 best—much less rank those clubs—but that's what the authors have done! This is an endlessly fascinating tome, sure to prompt spirited discussions around the water cooler or above the dugout. Let the arguments (and the fun!) begin!

Grover Cleveland Alexander was one of the greatest pitchers in baseball history, with 373 career victories during twenty seasons in the Major Leagues. Elected into the National Baseball Hall of Fame in 1938, the right-hander remains a compelling—and tragic—figure. “Pete” Alexander’s military service during World War I was the demarcation line between his great seasons with the Philadelphia Phillies and his years of struggle and turmoil with the Chicago Cubs and the St. Louis Cardinals after the Great War. Indeed, Alexander’s service

during World War I has all but been forgotten, even though it dramatically changed his life—and his game. Alexander served in the 342nd Field Artillery Regiment, which included big leaguers and star athletes among its officers and men. Naturally, the regiment fielded an outstanding baseball team, but it also faced hard service during the final weeks of the war. After the armistice in November 1918, the unit undertook occupation duty in Germany. *The Best Team Over There* examines this crucial period closely: where Alexander was stationed, how he was trained, how he withstood the effects of combat and shelling, how he interacted with his fellow athletes and soldiers, and how the war changed his baseball career, revealing for the first time the little-known details of this critical stage in the legendary pitcher’s life and career. We can’t truly understand Alexander and his enduring appeal to baseball fans without also understanding his life as a gunner and soldier.

The boys of Kings Row bout with drama, rivalry, and romance in this original YA novel by The New York Times bestselling author Sarah Rees Brennan — inspired by the award-nominated comic series by C.S. Pacat and Johanna The Mad. Sixteen-year-old Nicholas Cox is the illegitimate son of a retired fencing champion who dreams of getting the proper training he could never afford. After earning a place on the elite Kings Row fencing team, Nicholas must prove himself to his rival, Seiji Katayama, and navigate the clashes, friendships, and relationships between his teammates on the road to state championships -- where Nicholas might finally have the chance to spar with his golden-boy half-brother. Coach Williams decides to take advantage of the boys' morale after a recent victory and assigns them a course of team building exercises to further deepen their bonds. It takes a shoplifting scandal, a couple of moonlit forest strolls, several hilariously bad dates, and a whole lot of introspection for the team to realize they are stronger together than they could ever be apart. The first installment of this enticing original YA novel series by

Her past is a secret—even to her. Discovering it will be the most dangerous move of her life. TV reporter Laura Nilsson, known as the “Baghdad Babe,” spent eighteen months in an Al-Qaeda compound after being kidnapped live on the air. Two years later, she’s still wondering why. No mission in Javier Corbray’s fourteen years as a Navy SEAL affected him the way Laura’s rescue did. No woman had stirred his protective instincts the way she did. And he wants her more than he’s ever wanted anyone. As Laura and Javier’s passion ignites, so does Laura’s need to discover the mystery of her past. Especially when she learns that her abduction was not random—and that she’s still a target for a killer with an impenetrable motive. Now Javier will have to rely on his

skills to keep the woman he loves from being struck down before she dares uncover the truth.

54 Runners, 54 Stories: The Tale of the 2012 200k JRunners Relay Race Pen and Sword
When one considers traditional high school football powers in the United States, a tiny institution in Chicago is never mentioned. It has been decades since Morgan Park Military Academy last fielded a football team, yet the influence of its gridiron program cannot be disregarded. With a decorated football history dating back to 1893, the private school on Chicago's south side completed nine undefeated seasons, sent four representatives to the College Football Hall of Fame, and often experienced difficulty scheduling games, due to the powerful teams it sent out on the field. Yet, it rarely enrolled more than 200 students in its high school curriculum! Author Joe Ziemba details the fascinating history of the Academy football program from its beginnings in 1893 through its final season as Morgan Park Military Academy in 1958. Cadets, Cannons, and Legends: The Football History of Morgan Park Military Academy focuses on individual and team stories throughout the years, taking the reader back to a time when game travel was via horse and buggy, game reports were carried by the major Chicago newspapers, and football stars were treated as local celebrities. Ziemba, whose father was the football coach at the Academy in the 1940s and 1950s, uncovered numerous "forgotten" incidents from the past, including an episode in 1900 when the students were so pleased with a football victory that they accidentally burned down a campus building! The reader will also meet former Academy players (and College Football Hall of Famers) like Jesse Harper, who became the legendary coach at Notre Dame; Wallace Wade, who led Alabama to three national championships; as well as Albert Benbrook, a two-time All-American at the University of Michigan. In addition, the steady hand of University of Chicago coach Amos Alonzo Stagg, who helped guide the Academy squad in its early years, is profiled. Aside from these four Hall of Famers, the Academy football program also produced numerous collegiate head coaches at schools such as Illinois, Baylor, and Cincinnati, a Broadway playwright, an NFL

official, and even a man who ascended to one of the highest political offices in the country. Along the way, Ziemba offers a glimpse at the history of the school itself (around since 1873) including student food strikes, financial challenges, one of the greatest unsolved crimes in Chicago gangland history, and the fact that over 800 graduates served in WWII, an astounding number for a prep school of this size. More than just a history of one school, Cadets, Cannons, and Legends is must reading for any lover of football. It traces the very history of the game, detailing significant rules changes that saved the sport after years of catastrophic deaths on the field (including one at the Academy). Later, it details efforts to keep this private school extant during the Great Depression, including opening the campus doors to a professional football team (the Chicago, now Arizona, Cardinals) in the summer months to generate income (and lowering the pay of its own football coach to \$25 per month). Cadets, Cannons, and Legends provides new insight into the early days of high school football when game travel could be hundreds of miles rather than just against a neighborhood rival, and recognizes the forgotten pioneers of what is now America's favorite competition. Rarely has a high school program with such an extraordinary contribution to the game of football been so thoroughly researched and resurrected from its own forgotten past. It is not merely a journey into the gridiron history of Morgan Park Military Academy, but rather, it ushers us down to a front row seat where we can closely observe the roots of football itself.

With over four years research, the author draws upon the regimental archives and journals, anecdotes, personal and official diaries, and a wide range of other documents and interviews. The book's recurring themes are the changing nature of infantry soldiering, the constant battle of the Army to recruit, and the traditions and the 'oneness' of an infantry regiment. Special emphasis and extensive coverage is also given to the 1st Battalion's operational activities and to the Northern Ireland campaign in particular.

For readers of American Sniper, the stirring account of a life of service by the "father of the US Navy SEALs" One month after the Bay of Pigs fiasco, when President John F. Kennedy pressed Congress about America's "urgent national needs," he named expanding US special operations forces along with putting a man on the moon. Captain William Hamilton was the officer tasked with creating the finest unconventional warriors ever seen. Merging his own experience commanding Navy Underwater Demolition Teams with expertise from Army Special Forces and the CIA, and working with his subordinate, Roy Boehm, he cast the mold for sea-, air-, and land-dispatched night fighters capable of successfully completing any mission anywhere in the world. Initially, they were used as a counter to the potential devastation of nuclear war, and later for counterterrorism and hostage rescue. His vision led to the formation of the celebrated SEAL Team 6. In this stirring, action-filled book, Hamilton tells his story for the first time. Night Fighter is a trove of true adventure from the history of the late twentieth century, which Hamilton lived, from fighter pilot in the Korean War to operative for the CIA in Vietnam, Africa, Latin America, and Europe, from the Pentagon to Foggy Bottom, and from the Cuban Missile Crisis to the Reagan White House's Star Wars. Like American Sniper, here is the record of a life devoted to patriotic service. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
