structured analytic techniques that will make those mental models more explicit and expose their key assumptions. The techniques found in this primer are designed to assist in this regard by:

- Instilling more structure into the intelligence analysis.
- Making analytic arguments more transparent by articulating them and

Taxonomy of Structured Analytic Techniques
Heuer's book *Structured Analytic Techniques for Intelligence Analysis*, published in 2010 (second edition 2015) and co-authored with Randy H. Pherson, provides a comprehensive taxonomy of structured analytic techniques (SATs) pertaining to eight categories: decomposition and visualization, idea generation, scenarios and indicators, hypothesis generation and testing, cause and effect, challenge analysis, conflict management and decision support.

50 Competitive Intelligence analysis techniques
Structured analytic techniques (SATs) are intended to improve intelligence analysis by checking the two canonical sources of error: systematic biases and random noise. Although both goals are...

Analysis of Competing Hypotheses is one technique for doing this." Group Process Techniques: "Most structured techniques are best used as a collaborative group process, because a group is more effective than an individual in generating new ideas and at least as effective in synthesizing divergent ideas. The structured process helps identify differences in perspective between team or group members, and this is good.
