Student Exploration Gizmo Answers Solar

Solar System Explorer Survey the solar system,
observing the length of a year and the orbital path
of each object. The positions of the eight official
planets are displayed, as well as one dwarf planet,
Pluto. Learn about Kepler's Laws and how planets
are classified.

Explore our solar system and learn the
characteristics of each planet. Compare the
sizes of planets and their distances from
the Sun. Observe the speeds of planetary
orbits and measure how long each planet
takes to go around the Sun.
