The series builds an extensive collection of high quality descriptions of languages around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable

treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality.

Penguin Random House South Africa
A child wanders too far into the Knysna Forest ... he never returns. Nine years

later government officials working on a census find a white child living with a Coloured family in the mountains beyond the forest. They take him away from the stricken Fiela, who has brought him up as her son, and give him back to his 'original' family. Stunned and helpless, Benjamin waits for Fiela to reclaim him. But,

powerless against authority, Fiela never comes. Benjamin has to grow up before he can go in search of the truth ...

In 1939, hatred took root in South Africa, where the seeds of apartheid were newly

sown. There a boy called Peekay was born. He spoke the wrong language—English. He was nursed by a woman of the wrong color—black. His childhood was marked by humiliation and abandonment. Yet he vowed to survive—he would become welterweight champion of the world, he would dream heroic dreams. But his dreams were nothing compared to what awaited him. For he embarked on an epic journey, where he would learn the power of

words, the power to transform lives, and the mystical power that would sustain him even when it appeared that villainy would rule the world: The Power of One.

It's South Africa 1990. Two major events are about to happen: the release of Nelson Mandela and, more importantly, it's Spud Milton's first year at an elite boys only private school. Cursed with parents from well beyond the lunatic fringe, a

senile granny, and a dormitory full of strange characters, Spud has his hands full trying to adapt to his new home. Surrounded by names such as Gecko, Rambo, Rain Man and Mad Dog, Spud takes his first tentative steps along the path to manhood. (The path, it seems, could be a rather long road.) Armed with only his wits and his diary, Spud takes us from illegal night swimming to the

red-hot furnace of
the cricket pitch,
from ghostbusting to
a catastrophic family
vacation. He also
invites us into the
mind of a boy
struggling to come to
terms with a strange
new world; a boy
whose eyes are being
opened to love,
friendship and
complete insanity.
