The Medication Administration Training (MAT) Independent Study course is comprised of two parts. Part One is a self-paced review of the MAT course content, using handouts, video segments and independent exercises. Part Two consists of hands-on practice time

and testing with an approved MAT Trainer.
Medication Administration - Study with CLPNA
Call the patient by name before giving the medication.
Double-check orders. Don't: Never ask a yes or no question when verifying your patient's identity. Always have them tell you their full name. Don't rely on the names written on the bed or room door.
2. Right Drug. Read and re-read the medication's label before

administration. Check the following: Medication Study Guide - NCDHHS The purpose of the medication administration review manual is to provide study guide material for the medication administration recertification exam. In it is information regarding the regulations that go with your medication certification. Please remember that your agency may have additional requirements which go beyond these requirements.
