I like Vollhardt's orgo texts, so I bought this as a study aid during my organic chemistry sequence. I used it for most chapters, but I can't say that it made a huge difference. The layout of the book is ok, and the questions are relevant and appropriately challenging for a non-chemistry major orgo course, but I feel I could have gotten an ...

/ Chegg.com

The Study Guide helps clarify to students what organic chemistry is and how it works so that students can master the theory and practice of organic chemistry. The Study Guide emphasizes an understanding of how different molecules react together to create products and the relationship between structure and reactivity.
