Understand how much time you'll need to spend studying. Most professors expect that for every engineering course credit you take, you will spend 2-4 hours studying. So, if you have two engineering courses in a standard semester, that's six credits. That means you will need to spend an average of 18 hours studying outside of class per week.

Here is a quote from one of the recent Purdue ME students who took  
the exam: "It was a very smooth process, and only took about 4  
hours, instead of 6. After taking Purdue classes for 4 years, I needed  
very little studying in order to pass the test." You can take the exam in  
any semester, not just their final senior year.

*Studying Engineering Ch.3-4 Test Review Flashcards | Quizlet*

The Fundamentals of Engineering (FE) exam is generally your first  
step in the process to becoming a professional licensed engineer  
(P.E.). It is designed for recent graduates and students who are close  
to finishing an undergraduate engineering degree from an EAC/ABET-  
accredited program.

The Fundamentals of Engineering (FE) exam, also referred to as the  
Engineer in Training (EIT) exam, and formerly in some states as the  
Engineering Intern (EI) exam, is the first of two examinations that  
engineers must pass in order to be licensed as a Professional  
Engineer in the United States. The second examination is Principles  
and Practice of Engineering Examination.

#### **Top 10 Engineering Entrance Exams List for 2021**

Engineering. Students aspiring to pursue an engineering  
programme at undergraduate or postgraduate level need to  
qualify one of the following entrance examinations – JEE  
Main and Advanced, COMEDK, UPESEAT, SRMJEE,  
VITEEE, BITSAT, GATE or others. While JEE Main and  
Advanced is a national level entrance examination to get  
admission to IITs and NITs, examinations like COMEDK,  
UPESEAT, SRMJEE and others are meant for admission to  
different other engineering institutions.
