INTERNATIONAL, #1 NATIONAL, AND NEW YORK TIMES BESTSELLER
LONGLISTED FOR THE 2021 BOOKER PRIZE The magnificent novel from Nobel laureate Kazuo Ishiguro—author of *Never Let Me Go* and *The Remains of the Day*. Here is the story of Klara, an Artificial Friend with outstanding observational qualities, who, from her place in the store, watches carefully the behavior of those who come in to browse, and of those who pass on the street outside. She remains hopeful that a customer will soon choose her. *Klara and the Sun* is a thrilling book that offers a look at our changing world through the eyes of an unforgettable narrator, and one that explores the fundamental question: what does it mean to love?

A Raisin in the Sun Morgan James Publishing
The complex internal structure of the Sun can now be studied in detail through helioseismology and neutrino astronomy. The VI Canary Islands Winter School of Astrophysics was dedicated to examining these powerful new techniques. Based on this meeting, eight specially-written chapters by world-experts are presented in this timely volume. We are shown how the internal composition and dynamical structure of the Sun can be deduced through helioseismology; and how the central temperature can be determined from the flux of solar neutrinos. This volume provides an excellent introduction for graduate students and an up-to-date overview for researchers working on the Sun, neutrino astronomy and helio- and asteroseismology.

A LIVE-it program is designed for long-term, lifestyle improvements with the goal of optimum health-physically, mentally, emotionally, and spiritually. Forget the Diets; Learn to LIVE-it! will inspire and motivate you to make lifestyle changes, one area at a

time, by sharing easy to understand information on topics like nutrient density, protein needs, lethal labels, rest and surrender, water, how to be thankful, exercise, sunshine, and even goal setting. A LIVE-it program is based on principles, education, and encouragement advocating lifestyle changes for long term, overall health improvement. Education must precede motivation. Before one can be moved into action, there must be understanding. Knowledge indeed creates the power to change.
