Jeremy Sutton is one of the world's premier Painter artists (www.JeremySutton.com and www.PaintboxJ.com), and in this brand new edition of his best-selling Painter Creativity: Digital Artist's Handbook, he shows you the methods and techniques he's developed over the years to perfect his art and earn him the title of Corel Painter Master. This edition has been completely revamped to cover all of the new features in Corel Painter 11 and the Wacom Intuos4 pen-tablet, including: *The new Hard Media brushes *Complete visual summary of all brushes, new and old, in Painter 11 *Revised and updated command shortcuts *New way of creating and controlling Reference Layers (formerly Free Transform) *Programming suggestions for new Intuos4 Express Keys and Touch Ring *And much more! Inside, you'll find comprehensive coverage of the way that Jeremy uses the Painter 11 brushes and the Wacom Intuos4 pen-tablet for drawing and painting. You'll learn how to paint from scratch as well as a loose expressionistic approach to painting from photographs as you follow the clear step-by-step instructions throughout the book. Focused, in-depth case studies provide you with the expertise and guidance you'll need to become your own master of this wonderful world of digital painting. Jeremy balances technical instruction with artistic advice, including a whole chapter on going for it with color. In addition to Jeremy's own works of art, you'll find a gallery of images created by painters who have studied his methods, showing you examples of how you can apply his teaching to your own style and subject matter. Finally, be sure to check out the downloadable resources for valuable supplemental content such as four QuickTime movies as well as custom brushes, art materials and a new Painter workspace.

Do you know what your John James Audubon bird and mammal prints are worth? Do you even know if they are authentic or cheap reproductions? Noted Audubon expert, Ron Flynn, has researched and compiled this important reference resource for the Audubon collector. Information about each Audubon edition is given in individual chapters, along with detailed Price Guide tables with market values for every print in the following original antique Audubon editions: Havell, Bien, Imperial Folio, Octavo Birds and Octavo Quads, plus the modern Amsterdam, Abbeville, Leipzig and Loates Editions. Realized eBay auction prices are included in the Price Guides for those editions commonly sold on that Internet site. Other chapters deal with: identifying and authenticating prints, buying and selling Audubon prints, and buying and selling on eBay. Mr. Flynn provides a list of his recommended Audubon dealers. Finally, there are chapters covering: matting and framing, print storage and care, and print conservation and restoration.

If you "could" leave color management to the pros, you probably would. But with the proliferation of desktop systems and devices, "everyone" (regardless of role) is expected to get color right these days and to do that, you need to know about a lot more than just tools and software. Lucky for you, this hands-on guide delivers, describing precisely how to apply color consistently and correctly across various hardware, software, and output devices using a Windows-based workflow. By matching color workflow to color use (for example, photography and image capture, page layout and content creation, and output to desktop or press), author and color management pro Josh Weisberg distills a complicated process into its need-to-know essentials. Whether you're an artist, illustrator, designer, photographer, or hobbyist, the series of illustrated steps, instructions, and advice contained in this full-color volume will have you mastering color management in Windows XP environments in no time.
