and bought a vintage shasta trailer that weights 1200 lbs dry weight. It does not have brakes installed on...

I have 2008 Subaru Outback (160K miles) with an automatic transmission and have been curious about the Sport Mode that can be shifted into. I read in the car's manual that it increases pickup and is preferable for driving up-hill. I was curious how it accomplishes this, and if it has other consequences as well.
