Ken, Ive seen different copies of the 2004  
WRX STi service manual and all of them  
don't have a H4DOHC section for the  
WRX engine. Is the section I should be

using for the non-STi Turbo DOHC engine  
the STi section? There have been several  
times where the manual tells you to refer to  
the DOHC section but there isn't one..I'm  
confused.

The Subaru EJ engine is a series of four-stroke automotive engines manufactured by Subaru. They were introduced in 1989, intended to succeed the previous Subaru EA engine. The EJ series is the mainstay of Subaru's engine line, with all engines of this series being 16-valve horizontal flat-fours, with configurations available for single, or double-overhead camshaft arrangements (SOHC or DOHC).
