The Subaru EJ engine is a series of four-stroke automotive engines manufactured by Subaru. They were introduced in 1989, intended to succeed the previous Subaru EA engine. The EJ series is the mainstay of Subaru's

engine line, with all engines of this series being 16-valve horizontal flat-fours, with configurations available for single, or double-overhead camshaft arrangements (SOHC or DOHC).

Ken, Ive seen different copies of the 2004 WRX STi service manual and all of them don't have a H4DOHC section for the WRX engine. Is the section I should be using for the non-STi Turbo DOHC engine the STi section? There have been several

times where the manual tells you to refer to the DOHC section but there isn't one..I'm confused.
