Introduction to SAP SuccessFactors Academy - SAP Training

This course provides implementation consultants, implementation partners, and support representatives an overview of the basic configurations of the SAP SuccessFactors HCM Cloud Suite Platform. This 5-day course is taught through a combination of self-guided learning, check-in meetings, and hands-on exercises.

3.2.2.6.2 SuccessFactors use case. Some pre-delivered scripts allow to check the behavior of your Success Factor solution from different locations. However this should be used only in case of bad performance suspicion and in agreement with the cloud provider as this might generate some unnecessary load on the cloud provider side and generate even worse performance.
