Twenty-one-year-old showgirl Holly Starr is sick and tired of assisting her dad, a celebrity magician, in his Las Vegas casino magic show. As soon as he keeps his promise to her and shares the secrets to his tricks, she can break out on her own. But can she really make it? For years Holly has taken medication to stave off crazy hallucinations that she can levitate objects. Just when she thinks she 's ready to make a career and

a life for herself, her medicine—and her luck—run out. Elijah Brown suffers from a similar delusion—he thinks he can read minds—and he 's out of medicine too. Determined to save himself and his old flame Holly, he kidnaps her and takes her to a town high in the Rockies where their medicine is made. What they discover there leads them to suspect their powers are not imaginary after all...and neither is the intense attraction they feel for each other. They make a pact to stick together as they return to Vegas to confront the people who kept them in the dark for so long. But soon they 're pitting their

powers against each other in a dangerous world where the nightlife is seductive, domination is addictive, the sex is beyond belief...and falling in love can lead to murder.
