Turmeric & Sugar {Stories} is a collection of short fiction telling the stories of real life with a hint of surreal magic. Complex friendships between women are explored across race, age, and class, like that of a nanny and her employer and an unlikely one between an elderly widowed landlady and her young tenant whose husband of a few short years has gone missing. One girl learns what it means to truly inhabit her sister's shoes for a night, and another gets a second chance as a human after her previous life as an elephant. Two teenage outsiders fall in love for the first time and a married couple grapples with unimaginable loss. Daughters of immigrants struggle to navigate painful but fiercely loving relationships with the imperfect fathers who left their homes in another country to make the ultimate sacrifice for their children. The people in these stories are longing to understand each other and themselves—who they are and who they will become. They are visited by the ghosts that haunt them. All of these lives consist of joy and suffering, bitter and sweet, turmeric and sugar—not always in equal measure—but their diversity and similarities illuminate the human condition that unites us all, even as many of the individuals are seemingly driven apart by darkness. Fans of Anna's work in Berkeley Fiction Review, Wigleaf, and Catapult will love these stories. This recipe is one that's been simmering for a while.

With eloquence and wit, Wayne Hoffman explores the unlikely camaraderie between a young Jewish man and an Orthodox rabbi, in this rich, insightful novel about love, honesty, faith, and belonging. In Yiddish, there is a word for it: bashert—the person you are fated to meet. Twentysomething Benji Steiner views the concept with skepticism. But the elderly rabbi who stumbles into Benji's office one day has no such doubts. Jacob Zuckerman's late wife, Sophie, was his bashert. And now that she's gone, Rabbi Zuckerman grapples with overwhelming grief and loneliness. Touched by the rabbi's plight, Benji becomes his helper—driving him home after work, sitting in his living room listening to stories. Their friendship baffles everyone, especially Benji's sharp-tongued, modestly observant mother. But Benji is rediscovering something he didn't know he'd lost. Yet the test of friendship, and of both men's faith, lies in the difficult truths they come to share. With each revelation, Benji learns what it means not just to be Jewish, but to be fully human—imperfect, striving, and searching for the pieces of ourselves that come only through another's acceptance. "A story that is beautifully told, profound and funny." --Jonathan Rosen, author of Joy Comes In The Morning "A stirring story about the face of love on many different levels." --Carolyn Hessel "An unforeseen tale of friendship and faith." --Dave King, author of The Ha-Ha Wayne Hoffman is a writer and editor whose cultural reporting has appeared in the Washington Post, Village Voice, The Forward, The Advocate, and elsewhere. These three stories celebrate the eye even as they reveal its unexpected proximity to the heart. For if each of A.S. Byatt's narratives is in some way inspired by a painting of Henri Matisse, each is also about the intimate connection between seeing and feeling—about the ways in which a glance we meant to be casual may suddenly call forth the deepest reserves of our being. Beautifully written, intensely observed, *The Matisse Stories* is fiction of spellbinding authority. "Full of delight and humor...The Matisse Stories is studded with brilliantly apt images and a fine sense for subtleties of conversation and emotion."--San Francisco Chronicle

It is 1898, and groups of starving Puerto Ricans, los hambrientos, roam the parched countryside and dusty towns begging for food. Under the yoke of Spanish oppression, the Caribbean island is forced to prepare to wage war with the United States. Up in the mountainous coffee region of Utuado, Vicente Vega and Valentina Sanchez labor to keep their small farm from the creditors. When the Spanish-American War and the great San Ciriaco Hurricane of 1899 bring devastating upheaval, the young couple is lured, along with thousands of other puertorriquenos, to the sugar plantations of Hawaii—another US territory—where they are confronted by the hollowness of America's promises of prosperity. Writing in the tradition of great Latin American storytelling, Marisel Vera's *The Taste of Sugar* is an unforgettable novel of love and endurance, and a timeless portrait of the reasons we leave home.

"A heady admixture of explosive plot and taut, burnished prose . . . Mesha Maren writes like a force of nature." --Lauren Groff, author of *Florida In 1989*, Jodi McCarty is seventeen years old when she's sentenced to life in prison. When she's released eighteen years later, she finds herself at a Greyhound bus stop, reeling from the shock of unexpected freedom but determined to chart a better course for herself. Not yet able to return to her lost home in the Appalachian Mountains, she heads south in search of someone she left behind, as a way of finally making amends. There, she meets and falls in love with Miranda, a troubled young mother living in a motel room with her children. Together they head toward what they hope will be a fresh start. But what do you do with your past—and with a town and a family that refuses to forget, or to change? Set within the charged insularity of rural West Virginia, Mesha Maren's *Sugar Run* is a searing and gritty debut about making a break for another life, the use and treachery of makeshift families, and how, no matter the distance we think we've traveled from the mistakes we've made, too often we find ourselves standing in precisely the place we began.

In the late 1630s, lured by the promise of the New World, Andrea Stuart's earliest known maternal ancestor, George Ashby, set sail from England to settle in Barbados. He fell into the life of a sugar plantation owner by mere chance, but by the time he harvested his first crop, a revolution was fully under way: the farming of sugar cane, and the swiftly increasing demands for sugar worldwide, would not only lift George Ashby from abject poverty and shape the lives of his descendants, but it would also bind together ambitious white entrepreneurs and enslaved black workers in a strangling embrace. Stuart uses her own family story—from the seventeenth century through the present—as the pivot for this epic tale of migration, settlement, survival, slavery and the making of the Americas. As it grew, the sugar trade enriched Europe as never before, financing the Industrial Revolution and fuelling the Enlightenment. And, as well, it became the basis of many economies in South America, played an important part in the evolution of the United States as a world power and transformed the Caribbean into an archipelago of riches. But this sweet and hugely profitable trade—"white gold," as it was known—had profoundly less palatable consequences in its precipitation of the enslavement of Africans to work the fields on the islands and, ultimately, throughout the American continents. Interspersing the tectonic shifts of colonial history with her family's experience, Stuart explores the interconnected themes of settlement, sugar and slavery with extraordinary subtlety and sensitivity. In examining how these forces shaped her own family—its genealogy, intimate relationships, circumstances of birth, varying hues of skin—she illuminates how her family, among millions of others like it, in turn transformed the society in which they lived, and how that interchange continues to this day. Shifting between personal and global history, Stuart gives us a deepened understanding of the connections between continents, between black and white, between men and women, between the free and the enslaved. It is a story brought to life with riveting and unparalleled immediacy, a story of fundamental importance to the making of our world.

Like Hans Christian Andersen and the Brothers Grimm, Isak Dinesen and Angela Carter, A. S. Byatt knows that fairy tales are for grownups. And in this ravishing collection she breathes new life into the form. *Little Black Book of Stories* offers shivers along with magical thrills. Leaves rustle underfoot in a dark wood: two middle-aged women, childhood friends reunited by chance, venture into a dark forest where once, many years before, they saw—or thought they saw—something unspeakable. Another woman, recently bereaved, finds herself slowly but surely turning into stone. A coolly rational ob-gyn has his world pushed off-axis by a waiflike art student with her own ideas about the uses of the body. Spellbinding, witty, lovely, terrifying, the *Little Black Book of Stories* is Byatt at the height of her craft.

[The Case Against Sugar](#) Penguin

The three stories that follow mean to speak to the head and heart. They are the first in a series of stories Mark and Alexandra will produce in the coming years. As you read, keep in

mind that the "sugar chair" is not a thing; it is a way. It's a way of helping ourselves and our children slow this crazy world down, see clearer through our own eyes and the eyes of others, and own and act on our strategies for "sweetening things up." Each story focuses on a certain audience: Littles (3-8 years old), Middles (8-12 years old), and Olders (12 years old and up). Our thinking is that Olders should read all three, Middles the first two, and Littles the first one. But in the end, you decide what's right for you and your crew. We hope you enjoy!

A timely and timeless picture book about immigration that demonstrates the power of diversity, acceptance, and tolerance from a gifted storyteller. An ALSC Notable Children's Book of 2021 A Kirkus Best Books of 2020 A School Library Journal Best Books of 2020 Winner of the 2021 Ohioana Book Award An Anne Izard Storytellers' Choice Award, 2022 "An engaging, beautiful, and memorable book." --Kirkus Reviews, starred review "Lush illustrations and a strong message of hope and perseverance make this a standout title." --School Library Journal, starred review When I first came to this country, I felt so alone. A young immigrant girl joins her aunt and uncle in a new country that is unfamiliar to her. She struggles with loneliness, with a fierce longing for the culture and familiarity of home, until one day, her aunt takes her on a walk. As the duo strolls through their city park, the girl's aunt begins to tell her an old myth, and a story within the story begins. A long time ago, a group of refugees arrived on a foreign shore. The local king met them, determined to refuse their request for refuge. But there was a language barrier, so the king filled a glass with milk and pointed to it as a way of saying that the land was full and couldn't accommodate the strangers. Then, the leader of the refugees dissolved sugar in the glass of milk. His message was clear: Like sugar in milk, our presence in your country will sweeten your lives. The king embraced the refugee, welcoming him and his people. The folktale depicted in this book was a part of author Thrity Umrigar's Zoroastrian upbringing as a Parsi child in India, but resonates for children of all backgrounds, especially those coming to a new homeland.
