Red teaming in Flawless Execution, our proprietary methodology, is an additional step in the strategic planning process that calls in a handful of people that have not been part of the planning process to provide respectful criticism of the plan and expose its perceptible flaws. It's a concise process that requires little formal training.

Flawless Execution is a “fractal” planning tool, meaning that when used enterprise-wide, it ensures day-to-day operations are intentionally built to support high-level strategy and the HDD. Leader’s Intent means that an organization can say, with 100% confidence, that every team is executing toward those goals.
