These three brilliantly wrought, tragic novellas explore the repressed emotions and destructive passions of working-class people far removed from the social milieu usually inhabited by Edith Wharton's characters. Ethan Frome is one of Wharton's most famous works; it is a tightly constructed and almost unbearably heartbreaking story of forbidden love in a snowbound New England village. Summer, also set in rural New England, is often considered a companion to Ethan Frome- Wharton herself called it "the hot Ethan"-in its portrayal of a young woman's sexual and social awakening. Bunner Sisters takes place in the narrow, dusty streets of late

nineteenth-century New York City, where the constrained but peaceful lives of two spinster shopkeepers are shattered when they meet a man who becomes the unworthy focus of all their pent-up hopes. All three of these novellas feature realistic and haunting characters as vivid as any Wharton ever conjured, and together they provide a superb introduction to the shorter fiction of one of our greatest writers. The Touchstone BoD – Books on Demand One of the first novels to deal honestly with a woman's sexual awakening, "Summer" created a sensation upon its 1917 publication. The Pulitzer Prize-winning

author of "Ethan Frome" shattered the standards of conventional love stories with candor and realism. Nearly a century later, this tale remains fresh and relevant.

There are many ways to show our devotion to an author besides reading his or her works. Graves make for popular pilgrimage sites, but far more popular are writers' house museums. What is it we hope to accomplish by trekking to the home of a dead author? We may go in search of the point of inspiration, eager to stand on the very spot where our favorite literary characters first came to life—and find ourselves instead in the house where the author himself was conceived, or where she drew her last breath. Perhaps it is a place through which our writer passed only briefly, or maybe it really was a longtime home—now thoroughly remade as a decorator's show-house. In *A Skeptic's Guide to Writers'*

Houses Anne Trubek takes a vexed, often funny, and always thoughtful tour of a goodly number of house museums across the nation. In Key West she visits the shamelessly ersatz shrine to a hard-living Ernest Hemingway, while meditating on his lost Cuban farm and the sterile Idaho house in which he committed suicide. In Hannibal, Missouri, she walks the fuzzy line between fact and fiction, as she visits the home of the young Samuel Clemens—and the purported haunts of Tom Sawyer, Becky Thatcher, and Injun' Joe. She hits literary pay-dirt in Concord, Massachusetts, the nineteenth-century mecca that gave home to Hawthorne, Emerson, and Thoreau—and yet could not accommodate a surprisingly complex Louisa May Alcott. She takes us along the trail of residences that Edgar Allan Poe left behind in the wake of his many failures and to the burned-out shell of a California house with which Jack London staked his claim on posterity. In Dayton, Ohio, a charismatic guide brings Paul Laurence Dunbar to compelling life for those few visitors willing to listen; in Cleveland, Trubek finds a moving remembrance of Charles Chesnutt in a house that no longer stands. Why is it that we visit writers' houses? Although admittedly skeptical about the stories these buildings tell us about their former inhabitants, Anne Trubek carries us along as she falls at least a little bit in love with each stop on her itinerary and finds in

each some truth about literature, history, and contemporary America.

An intimate love letter to summertime in Newport from photographer Nick Mele, the "modern-day Slim Aarons," and interior designer Ruthie Sommers Newport, Rhode Island, is one of the last bastions of American high society. The grand Gilded Age houses that top its oceanside cliffs and line storied Bellevue Avenue are largely untouched by contemporary renovation and taste, and family heirlooms are passed down from generation to generation with Yankee thrift. Indeed, Newport has an understated elegance that sets it apart from other resort towns. Life behind the facades of these elaborate mansions is rarely revealed, but now, photographer Nick Mele and author Ruthie Sommers, both lifelong Newport residents, share their entrée into the parties, lawn tennis matches, beach clambakes, and family gatherings that make up the glorious days of a Newport summer. Picture the foggy mornings of June, the traditional yacht races of July, the annual meeting of old friends at Marble House in August, and the melancholy close of the season after Labor Day. Through Sommers's personal, evocative text and Mele's exquisite photographs of people, parties, beaches, and houses, the

intimate charms of *A Newport Summer* come poignantly to life.

French Ways and Their Meaning Penguin

Considered by some to be her finest work, Edith Wharton's "*Summer*" created a sensation when first published in 1917, as it was one of the first novels to deal honestly with a young woman's sexual awakening. "*Summer*" is the story of proud and independent Charity Royall, a child of mountain moonshiners adopted by a family in a poor New England town, who has a passionate love affair with Lucius Harney, an educated young man from the city. Wharton broke the conventions of woman's romantic fiction by making Charity a thoroughly contemporary woman--in touch with her feelings and sexuality,

yet kept from love and the larger world she craves by the overwhelming pressures of environment and heredity. Praised for its realism and candor by such writers as Joseph Conrad and Henry James and compared to Flaubert's "*Madame Bovary*," "*Summer*" was one of Wharton's personal favorites of all her novels and remains as fresh and relevant today as when it was first written

A girl came out of lawyer Royall's house, at the end of the one street of North Dormer, and stood on the doorstep. It was the beginning of a June afternoon. The springlike transparent sky shed a rain of silver sunshine on the roofs of the village, and on the pastures and larchwoods

surrounding it. A little wind moved among the round white clouds on the shoulders of the hills, driving their shadows across the fields and down the grassy road that takes the name of street when it passes through North Dormer. The place lies high and in the open, and lacks the lavish shade of the more protected New England villages. The clump of weeping-willows about the duck pond, and the Norway spruces in front of the Hatchard gate, cast almost the only roadside shadow between lawyer Royall's house and the point where, at the other end of the village, the road rises above the church and skirts the black hemlock wall enclosing the cemetery.

NEW YORK TIMES BESTSELLER • “ A novel to cure your *Downton Abbey* withdrawal . . . a delightful story about nontraditional romantic relationships, class snobbery and the everybody-knows-everybody complications of living in a small community. ” —The Washington Post
The bestselling author of *Major Pettigrew's Last Stand* returns with a breathtaking novel of love on the eve of World War I that reaches far beyond the small English town in which it is set. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND NPR
East Sussex, 1914. It is the end of England's brief Edwardian

summer, and everyone agrees that the weather has never been so beautiful. Hugh Grange, down from his medical studies, is visiting his Aunt Agatha, who lives with her husband in the small, idyllic coastal town of Rye. Agatha's husband works in the Foreign Office, and she is certain he will ensure that the recent saber rattling over the Balkans won't come to anything. And Agatha has more immediate concerns; she has just risked her carefully built reputation by pushing for the appointment of a woman to replace the Latin master. When Beatrice Nash arrives with one trunk and several large crates of books, it is clear she is significantly more freethinking—and attractive—than anyone believes a Latin teacher should be. For her part, mourning the death of her beloved father, who has left her penniless, Beatrice simply wants to be left alone to pursue her teaching and writing. But just as Beatrice comes alive to the beauty of the Sussex landscape and the colorful characters who populate Rye, the perfect summer is about to end. For despite Agatha's reassurances, the unimaginable is coming. Soon the limits of progress, and the old ways, will be tested as this small Sussex town and its inhabitants go to war. Praise for *The Summer Before the War* “What begins as a study of a small-town society becomes a compelling account of war and its aftermath.” —*Woman's Day* “This witty

character study of how a small English town reacts to the 1914 arrival of its first female teacher offers gentle humor wrapped in a hauntingly detailed story.” —*Good Housekeeping* “Perfect for readers in a post – *Downton Abbey* slump . . . The gently teasing banter between two kindred spirits edging slowly into love is as delicately crafted as a bone-china teacup. . . . More than a high-toned romantic reverie for Anglophiles—though it serves the latter purpose, too.” —*The Seattle Times*

Growing Up Fast tells the life stories of Shayla, Jessica, Amy, Colleen, Liz, and Sheri--six teen mothers whom Joanna Lipper first met in 1999 when they were enrolled at the Teen Parent Program in Pittsfield, Massachusetts. Less than a decade older than these teen parents, she was able to blend into the fabric of their lives and make a short documentary film about them. Over the course of the next four years she continued to earn their trust as they shared with her the daily reality of their lives and their experiences growing up in the economically depressed post-industrial landscape of Pittsfield, Massachusetts.

Opening on the French Riviera among a motley community of American expatriates, *The Mother's Recompense* tells the story of Kate Clephane and her reluctant return to New York society after being exiled years before for abandoning her husband and infant daughter. Oddly enough, Kate has been summoned back by that same daughter, Anne, now fully grown and intent on marrying Chris Fenno, a war hero, dilettante, and social opportunist. Chris's questionable intentions toward her daughter are, however, the least of Kate's worries since she was once, and still is, deeply in love with him. Kate's moral quandary and the ensuing drama evoke comparison with Oedipus and Hamlet and lead to an ending that startled the mores of the day.

"[...]than the glories of Nettleton. "How I hate everything!" she said again. Half way down the street she stopped at a weak-hinged gate. Passing through it, she walked down a brick path to a queer little brick

temple with white wooden columns supporting a pediment on which was inscribed in tarnished gold letters: "The Honorius Hatchard Memorial Library, 1832." Honorius Hatchard had been old Miss Hatchard's great-uncle; though she would undoubtedly have reversed the phrase, and put forward, as her only claim to distinction, the fact that she was his great-niece. For Honorius Hatchard, in the early years of the nineteenth century, had enjoyed a modest celebrity. As the marble tablet in the interior of the library informed its infrequent visitors, he had possessed marked literary gifts, written a series of papers called "The Recluse of Eagle Range," enjoyed the acquaintance of Washington Irving and Fitz-Greene Halleck, and been cut off in his flower by a fever contracted in Italy. Such had been the sole link between North Dormer and literature, a link piously commemorated by the erection of the monument where Charity Royall, every Tuesday and Thursday afternoon, sat at her desk under a freckled steel engraving of the deceased author, and wondered if he felt any deader in his grave than she did in[...]."
