Clark Gable arrived in Hollywood after a rough-and-tumble youth, and his breezy, big-boned, everyman persona quickly made him the town's king. He was a gambler among gamblers, a heavy drinker in the days when everyone drank seemingly all the time, and a lover to legions of the most attractive women in the most glamorous business in the world, including the great love of his life, Carole Lombard. In this well-researched and revealing biography, Warren G. Harris gives an exceptionally acute portrait of one of the most memorable actors in the history of motion pictures—whose intimates included such legends as Marilyn Monroe, Joan Crawford, Loretta Young, David O. Selznick, Jean Harlow, Judy Garland, Lana Turner, Spencer Tracy, and Grace Kelly—as well as a vivid sense of the glamour and excess of mid-century Hollywood.

The #1 New York Times Bestseller “ An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives. ” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation' s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it' s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “ Why did this guy just text me an emoji of a pizza? ” “ Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?! ” “ My girlfriend just got a message from some dude named Nathan. Who' s Nathan? Did he just send her a photo of his penis? Should I check just to be sure? ” But the transformation of our romantic lives can' t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world' s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we' ve seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

This definitive history of American xenophobia is "essential reading for anyone who wants to build a more inclusive society" (Ibram X. Kendi, New York Times-bestselling author of How to Be an Antiracist). The United States is known as a nation of immigrants. But it is also a nation of xenophobia. In America for Americans, Erika Lee shows that an irrational fear, hatred, and hostility toward immigrants has been a defining feature of our nation from the colonial era to the Trump era. Benjamin Franklin ridiculed Germans for their "strange and foreign ways." Americans' anxiety over Irish Catholics turned xenophobia into a national political movement. Chinese immigrants were excluded, Japanese incarcerated, and Mexicans deported. Today, Americans fear Muslims, Latinos, and the so-called browning of America. Forcing us to confront this history, Lee explains how xenophobia works, why it has endured, and how it threatens America. Now updated with an epilogue reflecting on how the coronavirus pandemic turbocharged xenophobia, America for Americans is an urgent spur to action for any concerned citizen.
