Her reactions and
words sounded
true. When she
shifted, and we
read her thoughts, I
considered her one
of the best parts of
the story. Blood
Moon grabs you
from the beginning
and lopes off with
you until the end. A
true page turner. I
enjoyed Blood
Moon very much
and look forward to
the next book in the
series. I highly
recommend Blood

This is the second book in two days that I wouldn't have finished if I hadn't been reading it for a challenge. It was not good. There was no character development. The whole Blood Moon things was poorly explained. I felt no chemistry between the characters. The heroine was a May Sue that all the men seemed to want.
