“ The most revealing book ever published on Mao, perhaps on any dictator in history. ” —Professor Andrew J. Nathan, Columbia University From 1954 until Mao Zedong's death twenty-two years later, Dr. Li Zhisui was the Chinese ruler's personal physician, which put him in daily—and increasingly intimate—contact with Mao and his

inner circle. in The Private Life of Chairman Mao, Dr. Li vividly reconstructs his extraordinary experience at the center of Mao's decadent imperial court. Dr. Li clarifies numerous long-standing puzzles, such as the true nature of Mao's feelings toward the United States and the Soviet Union. He describes Mao's deliberate rudeness toward Khrushchev and reveals the actual catalyst of Nixon's historic visit. Here are also surprising details of Mao's personal depravity (we see him dependent on barbiturates and refusing to wash, dress, or brush his teeth) and the sexual politics of his court. To millions of Chinese, Mao was more god than man, but for Dr. Li, he was all too human. Dr. Li's intimate account of this lecherous, paranoid tyrant, callously indifferent to the suffering of his people, will forever alter our view of Chairman Mao and of China under his rule. Praise for The Private Life of Chairman Mao “ From now one no one will be able to pretend to understand Chairman Mao's place in history without reference to this revealing account. ” —Professor Lucian Pye, Massachusetts Institute of Technology “ Dr. Li does for Mao what the physician Lord Moran's memoir did for Winston Churchill—turns him into a human being. Here is Mao unveiled: eccentric, demanding, suspicious, unregretful, lascivious, and unfailingly fascinating. Our view of Mao will never be the same again. ” —Ross Terrill, author of China in Our Time “ An extraordinarily intimate portrait of Mao. [Dr. Li] portrays [Mao's imperial court] as a place of boundless decadence, licentiousness, selfishness, relentless toadying and cutthroat political intrigue. ” —Richard Bernstein, The New York Times “ One of the most provocative books on Mao to appear since the publication of Edgar Snow's Red Star Over China. ” —Paul G. Pickowicz, The Wall Street Journal

A millennium into the future, two advancements have altered the course of human history: the colonization of the Galaxy and the creation of the positronic brain. On the beautiful Outer World planet of Solaria, a handful of human colonists lead a hermit-like existence, their every need attended to by their faithful robot servants. To this strange and provocative planet comes Detective Elijah Baley, sent from the streets of New York with his positronic partner, the robot R. Daneel Olivaw, to solve an incredible murder that has rocked Solaria to its foundations. The victim had been so reclusive that he appeared to his associates only through holographic projection. Yet someone had gotten close enough to bludgeon him to death while robots looked on. Now Baley and Olivaw are faced with two clear impossibilities: Either the Solarian was killed by one of his robots--unthinkable under the laws of Robotics--or he was killed by the woman who loved him so much that she never came into his presence!

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of

abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age--and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."--James Baldwin From the Paperback edition.

In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even

greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and,

ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. Embracing Survival, a memoir by Dydine Umunyana, tells the story of the Rwandan Genocide against the Tutsis at the hands of the Hutu perpetrators in Rwanda (1994) through the eyes of the four-year-old-child that she was when the horrific massacre occurred. Separated from her family, she barely survived the conflict. While the physical killing finally stopped, the mental and emotional 'killing' continued, affecting her and her family. She writes that "I have learned that we cannot do for others what we cannot do for ourselves. By nourishing the light within ourselves, we find strength we never knew was there....I came to realize that one's own life experiences are not theirs to keep but ours to teach."
