The concept of indigenous peoples has not only been hotly debated within academic circles over the past two decades, it has been met with skepticism if not outright rejection among representatives of governments, especially in Asia and Africa. This book does not dwell or expand on the controversy on the applicability of the concept to Asia. Its point of departure is the fact that more and more groups in Asia identify themselves as indigenous peoples, and its ultimate purpose is to provide assistance in addressing the practical question of how the concept of indigenous peoples can be applied in the particular context of Asian nations. This volume includes key articles that directly or indirectly address the issue from historical, anthropological, legal and indigenous activists' perspectives, and at international, regional, national and local levels.

Sassy, dramatic, hot-headed are just some of the words used to describe me since the time I was born. A few little mishaps growing up and my mom has a running 'Emerson Baker' prayer

circle, and I have the reputation of a spit-fire that won't go away. I prefer the terms loyal, passionate, fiery, and possibly a bit impulsive. So when my best friend proposes the concept of starting our own business, I jump on the idea. **CHEATERS BEWARE!** That should be our motto... because your secrets can't stay hidden for long with Trixsters Anonymous on the case. We are the moonlighting duo hell-bent on helping those who suspect their lovers are cheating. We're professional, careful, and completely anonymous...What could possibly go wrong? Walker Scott... that's what goes wrong. I never stood a chance against the gorgeous, hazel-eyed, fiercely determined man who storms into my life and completely blindsides me. He's the proof that opposites attract—and when they do, the chemistry is explosive. Did I mention he's also a detective? A very, very, talented detective? Pretty soon being a Trixster is a lot more complicated. Miller's Time Houghton Mifflin

Earth has been controlled for eons by the 'dark forces' by instilling a project of 'fear', and we have all been deceived on a grand scale. They have achieved this by stealth through their secret societies, groups, governments and institutes to create a New World Order. They have controlled populations and culled humans through their man-made diseases such as Ebola and HIV/AIDS. They control humanity with prescription drugs, technology, food additives, vaccines and they suppress the cures for cancer. They control the media, create wars and initiate acts of terrorism. They control politics, banking, education, sciences and religions. They are followers of Satanism and some are paedophiles. They use mind control programmes and control the illegal drugs trade, manipulate the weather and have introduced a 'police state' and have suppressed free-energy. This is part of the spiritual battle between the 'dark forces' and the 'forces of light'. Welcome to the lunatic asylum that is planet Earth.

From New York Times & USA Today Bestseller, Vi Keeland, comes a steamy new romance novel. The rules: No dating. No sex outside of the game. No disclosing the terms of the contract. Rules were made to be broken, right? Eight weeks ago I signed a contract. One that seemed like a good idea at the time. A handsome bachelor, luxury accommodations, and a chance to win a prize my family desperately needed. There were some rules though. Lots of them actually. Follow the script, no dating, sex, or disclosing the terms of the deal. After my self-imposed moratorium on men the last year, it wouldn't be hard to live up to my end of the bargain...so I thought. Until I realized the deal I'd made was with the devil...and I was in love with his dirty-talking brother. Author's note – Throb is a full-length standalone novel. Due to strong language and sexual content, this book is not intended for readers under the age of 18.
