A los doce años, Nicholas Goering sobrevivió milagrosamente a un disparo en la cabeza perpetrado por su propio padre, después de que este matara a su madre y se suicidara sin motivo aparente. Veinticinco años más tarde, ahora convertido en un referente de la Patología Forense en el prestigioso hospital de la ciudad sajona de Heimstadt, el misántropo doctor tendrá que lidiar con el caso más extraño de su carrera: el cuerpo de su padre ha aparecido en perfecto estado de conservación colgado como en el día de su muerte y le han colocado los órganos internos de distintas personas. El recientemente ascendido y temperamental detective Matías Vandergelb, quien desprecia al patólogo, y la ambiciosa psiquiatra Angélica Grunnewald, quien, por el contrario, está obsesionada con él, serán los encargados de intentar resolver el rompecabezas humano en una carrera contrarreloj. Memento Mori es la primera entrega de la trilogía.

Over the past ten years there has been a massive growth in call centres worldwide. These centres are said to represent the most dynamic growth area in white-collar employment internationally since the mid 1990s. Yet the footloose and global nature of the industry means that jobs will always be susceptible to outsourced operations, ICT developments, public sector subsidization of business restructuring and re-location, and cheaper operations elsewhere. This book conducts a thorough analysis of this modern phenomenon.

This fascinating book takes as its premise the notion that material culture can help explain the experience of state socialism as lived by ordinary people in Eastern Europe. It provides a revealing window through which to examine the interaction between official state rhetoric and state command on the one hand, and the popular applications of the state's material products on the other. From street fashion to modern art, from the design of state buildings to wallpaper, interconnections between politics and ideology, cultural policy formation and consumption are shown to be a matter of complex negotiation.

On the night of November 9, 1989, massive crowds surged toward the Berlin Wall, drawn by an announcement that caught the world by surprise: East Germans could now move freely to the West. The Wall—infamous symbol of divided Cold War Europe—seemed to be falling. But the opening of the gates that night was not planned by the East German ruling regime—nor was it the result of a bargain between either Ronald Reagan or George H.W. Bush and Soviet leader Mikhail Gorbachev. It was an accident. In *The Collapse*, prize-winning historian Mary Elise Sarotte reveals how a perfect storm of decisions made by daring underground revolutionaries, disgruntled Stasi officers, and dictatorial party bosses sparked an unexpected series of events culminating in the chaotic fall of the Wall. With a novelist's eye for character and detail, she brings to vivid life a story that sweeps across Budapest, Prague, Dresden, and Leipzig and up to the armed checkpoints in Berlin. We meet the revolutionaries Roland Jahn, Aram Radomski, and Sigi Scheffe, risking it all to smuggle the truth across the Iron Curtain; the hapless Politburo member Günter Schabowski, mistakenly suggesting that the Wall is open to a press conference full of foreign journalists, including NBC's Tom Brokaw; and Stasi officer Harald Jäger, holding the fort at the crucial border crossing that night. Soon, Brokaw starts broadcasting live from Berlin's Brandenburg Gate, where the crowds are exulting in the euphoria of newfound freedom—and the dictators are plotting to restore control. Drawing on new archival sources and dozens of interviews, *The Collapse* offers the definitive account of the night that brought down the Berlin Wall. Eco-nomics Bloomsbury Publishing PLC
