Models in the Suzuki GS series listed for sale on eBay. Ever since the first GS model was released in 1976, the GS line was a mainstream production motorcycle from Suzuki that enjoyed many successful iterations. The GS500 and all its variants were the most in-demand. There are many used GS models available that were produced over the years, and you can often find a Suzuki GS550 for sale, along ...

The Suzuki GS450 was really a 400 on steroids. In Japan, 400cc bikes are popular because they classify as "medium" size; go bigger than 400cc and you're in a more expensive tax class. But that line in the sand doesn't apply in the U.S., so Suzuki

gave its little twin a cc boost to make it more appealing to U.S. buyers. **Suzuki Gs425 Motorcycles for sale - SmartCycleGuide.com**
