Suzuki GSX-R600 and 750 Service and Repair Manual Haynes Manuals N. America, Incorporated

A faithful reproduction of the 1970 Floyd Clymer publication of the official factory Suzuki Workshop Manual for the T10 250cc series of motorcycles. It also includes the supplement issued by the factory for the later models of this series. There are comprehensive tables of technical data, tolerances and fits and all of the expected data from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components, making it an invaluable resource for collectors and restorers of these classic Suzuki motorcycles. There are 190 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Suzuki enthusiasts worldwide.
