Never Far Away Haynes Publications

Ducati stunned the world in 1988 when the struggling, small Italian firm unleashed its Desmoquattro -- 8-valve, desmodromic -- Superbike. The bike found success on the world's racetracks right from the start. Road-going versions soon carried that success to the general public, proving this design wasn't just another noisy prototype. The Superbikes -- 748, 851, 888, 916, and 996 -- are now Ducati's best-selling machines in the United States; and the Desmoquattro engine found its way into the company's more pedestrian series such as the Monster roadster and ST4 sport-tour. This is the comprehensive volume on Ducati's ultimate performance motorcycles and replaces the out-of-print Ducati Super Bikes: 851, 888, 916.

Big Blue Book of Bicycle Repair - 4th Edition

Contains some history of Suzuki and this models development as well as a complete step-by-step guide to servicing and overhaul.

Technical Manual

Suzuki SV650 and SV650S

This repair manual covers Suzuki SV650 and SV650S 1999 to 2005.

Suzuki GT, ZR & TS50

When Ducati's great engineer Fabio Taglioni designed the 750 Ducati in 1970 there was no way he could comprehend how important this model would be. His design was unlike any other before or since; a 90-degree V-twin with single overhead camshafts driven by a train of bevel gears.

Taglioni soon developed his 750 into a Formula 750 racer, and in 1972 beat the rest of what the world had to offer at the Imola 200. With this victory, the desmodromic 750 became a legend. Ducati responded by producing a hand-built limited production desmodromic Super Sport. They also continued to produce the touring 750 GT and sporting 750 Sport until legislation killed them at the end of 1974. Today, this triumvirate of 750s represents the end of an era; the era before cost accounting and government design requirements. These were among the last pure, unadulterated sporting motorcycles built and it is not surprising they have inspired a new generation of retro classics, the Sport Classic of 2005 and 2006.
