Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's

the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

How to Restore and Maintain Vintage Motorcycles Haynes Manuals N. America, Incorporated

Arguably the world's all-time greatest motorcycle road racing champion, Valentino Rossi is without a doubt the best--and the best-loved--in modern times. In *What If I Had Never Tried It* he tells his remarkable story for the first time. And as might be expected, the story he tells is fast-paced, full of surprises, action-packed, and always entertaining. The son of 1970s racer Graziano Rossi (whose number, 46, he wears when racing), Valentino was born in Urbino, Italy in 1979. Here he relates how he started racing as a teenager, first with karts and minimotos (minibikes). He then traces his rapid and seemingly inexorable progress--from the 125 class to the 250 class to the 500s and finally on to 990 cc four-stroke, now known as MotoGP--to become a seven-time World Champion in Grand Prix racing by the time he was twenty-six. As he describes starting his career as a clownish upstart, only to emerge as "The Doctor" so famed for his precision, Rossi's crowd-pleasing character comes through in abundance. One moment a charismatic jokester, the next an insightful analyst, he is finally the single-minded, focused, strategic racer with split-second skills the rest of us can only dream of, giving us a glimpse of how one man has forever changed the face of motorcycle road racing.

This book pays tribute to the legendary cars and vehicles that have starred alongside James Bond in so many unforgettable stunts and races. From the iconic Aston Martin with its ejector seat, the BMW Z3 Roadster and the Rolls-Royce Phantom to Russian military tanks, James Bond Cars is unique in that it also looks at the cars belonging to the Bond girls and Bond's opponents. Packed with beautiful photographs and technical information on the cars and the stunts as well as the more unconventional modes of transport such as jet packs, jet skis, motorised gondolas and aeroplanes, this book is a must-have edition that will get every Bond lover's heart racing!

Opposites can make the most delightful pattern... Filled with her trademark humor and relatable characters, award-winning author Jennifer Beckstrand's second installment in the Amish Quiltmaker series finds independent-minded quilter Esther Kiem's matchmaking skills put to the test in her new Colorado community. Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quilter Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . .

Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness.
