—Colum McCann, best-selling author of *Apeirogon*
One old copy of the novel *Rebellion* sits in Lena Knecht's tote bag, about to accompany her on a journey from New York to Berlin in search of a clue to the hand-drawn map on its last page. Fast-paced and tightly plotted, *The Pages* brings together a multitude of dazzling characters, real and invented, in a sweeping story of survival, chance, and the joys and struggles of love. At

its center are Roth, an Austrian Jewish author on the run, and his wife, Friederike, who falls victim to mental illness as Europe descends into war. With vivid evocations of Germany under Nazism and today, *The Pages* dramatically illuminates the connections between past and present as it looks at censorship, oppression, and violence. Here is a propulsive, inspiring tale of literature over a hundred years: a novel for book lovers everywhere that will bring a fresh audience to this acclaimed writer.

"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series *Discover the secret missions behind America's greatest conflicts*. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls

to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

"[A] novel that best expresses the American spirit." – The Chicago Tribune "If America was a melting pot, Butte seemed to be its boiling point," observes Morrie Morgan, the itinerant teacher and inveterate charmer who stole readers' hearts in *The Whistling Season*. A decade later, he steps off the train and into the copper mining capital of the world in its jittery 1919 heyday. While the riches of "the Richest Hill on Earth" may elude him, once again a colorful cast of local characters seek him out. Before long, Morrie is caught up in the clash between the ironfisted Anaconda Mining Company, radical "outside agitators," and the beleaguered miners. As tensions build aboveground and below, Morrie finds a unique way to give a voice to those who truly need one, and Ivan Doig proves yet again why he's reigning king of Western fiction.

Australia rides a hero of his people and a man for all nations: Ned Kelly, the son of poor Irish immigrants, viewed by the authorities as a thief (especially of horses) and, as a cold-blooded killer. To the people, though, he was a patriot hounded unfairly by rich English landlords and their stooges. In the end, Kelly and his so-called gang (his younger brother and two friends) led a massive police manhunt on a wild goose chase that lasted twenty months, in which Ned's talents as a bushman were augmented by bank robberies and the support of nearly everyone not in a uniform. His one demand – for which he would have surrendered himself was his jailed mother's freedom. Executed by hanging more than a century ago, speaking as if from the grave, Kelly still resonates as the most potent legend in the land down under.

"whipped children" to keep order—in the final novella by the beloved Ernest J. Gaines. After Brady Sims pulls out a gun in a courtroom and shoots his own son, who has just been convicted of robbery and murder, he asks only to be allowed two hours before he'll give himself up to the sheriff. When the editor of the local newspaper asks his cub reporter to dig up a "human interest" story about Brady, he heads for the town's barbershop. It is the barbers and the regulars who hang out there who narrate with empathy, sadness, humor, and a profound understanding the life story of Brady Sims—an honorable, just, and unsparing man who with his tough love had been handed the task of keeping the black children of Bayonne, Louisiana in line to protect them from the unjust world in which they lived. And when his own son makes a fateful mistake, it is up to Brady to carry out the necessary reckoning. A beloved character brings the power of the press to 1920s Butte, Montana, in this latest from the best storyteller of the West In the winter of 1920, a quirky bequest draws Morrie Morgan back to Butte, Montana, from a year-long honeymoon with his bride, Grace. But the mansion bestowed by a former boss upon the itinerant charmer, who debuted in Doig’s bestselling *The Whistling Season*, promises to be less windfall than money pit. And the town itself, with its polyglot army of miners struggling to extricate themselves from the stranglehold of the ruthless Anaconda Copper Mining Company, seems—like the couple’s fast-

diminishing finances—on the verge of implosion. These twin dilemmas catapult Morrie into his new career as editorialist for the *Thunder*, the fledgling union newspaper that dares to play David to Anaconda's Goliath. Amid the clatter of typewriters, the rumble of the printing presses, and a cast of unforgettable characters, Morrie puts his gift for word-slitting to work. As he pursues victory for the miners, he discovers that he is enmeshed in a deeply personal battle as well—the struggle to win lasting love for himself. Brilliantly capturing an America roaring into a new age, *Sweet Thunder* is another great tale from a classic American novelist.

When the railroad stretched its steel rails across the American West in the 1870s, it opened up a vast expanse of territory with very few people but enormous agricultural potential: a second Western frontier, the garden West. Agriculture quickly followed the railroads, making way for Kansas wheat and Colorado sugar beets and Washington apples. With this new agriculture came an unavoidable need for harvest workers—for hands to pick the apples, cotton, oranges, and hops; to pull and top the sugar beets; to fill the trays with raisin grapes and apricots; to stack the wheat bundles in shocks to be pitched into the maw of the threshing machine. These were not the year-round hired hands but transients who would show up to harvest the crop and then leave when the work was finished. Various called bindlestiffs, fruit tramps, hoboes, and bums, these

men—and women and children—were vital to the creation of the West and its economy. Amazingly, it is an aspect of Western history that has never been told. In *Hoboes: Bindlestiffs, Fruit Tramps, and the Harvesting of the West*, the award-winning historian Mark Wyman beautifully captures the lives of these workers. Exhaustively researched and highly original, this narrative history is a detailed, deeply sympathetic portrait of the lives of these hoboes, as well as a fresh look at the settling and development of the American West. In this prize-winning portrait of a time and place—Montana in the 1930s—that at once inspires and fulfills a longing for an explicable past, Ivan Doig has created one of the most captivating families in American fiction, the McCaskills. The witty and haunting narration, a masterpiece of vernacular in the tradition of Twain, follows the events of the Two Medicine country's summer: the tide of sheep moving into the high country, the capering Fourth of July rodeo and community dance, and an end-of-August forest fire high in the Rockies that brings the book, as well as the McCaskill family's struggle within itself, to a stunning climax. It is a season of escapade as well as drama, during which fourteen-year-old Jick comes of age. In 1853, in the farthest outpost of the Czar's empire, four Scandinavian indentured servants—seven-year men no better off than slaves—resolve to escape from Russian Alaska. They steal an Indian canoe and point it south toward Astoria, in Oregon, twelve hundred miles away. This novel of audacity is based on a historical incident discovered by the author, and transformed by his imagination into a sustained sweep of adventure. The four sea runners must weather the worst the ill-named Pacific can throw at them, and must weather their own fierce squalls, too, as day upon day, guided as much by

instinct and determination as by map, they
paddle through the magnificent maze of
the Northwest Coast toward the mouth of
the Columbia River.
