When the Eagle Hunts Anchor

A sweeping history of the often-violent conflict between Islam and the West, shedding a revealing light on current hostilities The West and Islam -- the sword and scimitar -- have clashed since the mid-seventh century, when, according to Muslim tradition, the Roman emperor rejected Prophet Muhammad's order to abandon Christianity and convert to Islam, unleashing a centuries-long jihad on Christendom. *Sword and Scimitar* chronicles the decisive battles that arose from this ages-old Islamic jihad, beginning with the first major Islamic attack on Christian land in 636, through the Muslim occupation of nearly three-quarters of Christendom which prompted the Crusades, followed by renewed Muslim conquests by Turks and Tatars, to the European colonization of the Muslim world in the 1800s, when Islam largely went on the retreat -- until its reemergence in recent times. Using original sources in Arabic and Greek, preeminent historian Raymond Ibrahim describes each battle in vivid detail and explains how these wars and the larger historical currents of the age reflect the cultural fault lines between Islam and the West. The majority of these landmark battles -- including the battles of Yarmuk, Tours, Manzikert, the sieges at Constantinople and Vienna, and the crusades in Syria and Spain--are now forgotten or considered inconsequential. Yet today, as the West faces a

resurgence of this enduring Islamic jihad, *Sword and Scimitar* provides the needed historical context to understand the current relationship between the West and the Islamic world -- and why the Islamic State is merely the latest chapter of an old history.

The Coffee Trader Headline

For nearly two centuries, from 1096 until 1291, a tide of pilgrims, knights, men-at-arms, priests, traders and peasants swept from Western Europe to the Levant - Crusaders whose common aim was to recover the Holy Place of Christendom. The *Sword and the Scimitar* is a saga of one of the most fanatical religious wars in world history. It is a story abounding with highly distinctive personalities - popes, saints, kings, sultans and heroes like Saladin and Richard Coeur de Lion, of the encounter of two great cultures and their cross-fertilization. It tells of the three great Military Orders, the Knights Hospitaller of St John, the Teutonic Knights and the Knights Templar. It does not disguise the savagery that accompanied the capture of Jerusalem by the Crusaders or the scenes of fire and carnage when the Kingdom of Jerusalem fell nearly two centuries later, and the markets of the East were so flooded with Christian slaves that a young Frankish woman might be sold for one silver coin.
