Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They

make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

*My Perfect Life* Penguin

On a September night in 1971, a few days after getting busted for dropping two of the 127 hits of acid found in a friend's shoe, a sixteen-year-old who is grounded for a year curls up in the corner of her ratty bedroom, picks up a pen, and begins to write. Once upon a cruddy time on a cruddy street on the side of a cruddy hill in the cruddiest part of a crudded-out town in a cruddy state, country, world, solar system, universe. The cruddy girl named Roberta was writing the cruddy book of her cruddy

life and the name of the book was called Cruddy. Now the truth can finally be revealed about the mysterious day long ago when the authorities found a child, calmly walking in the boiling desert, covered with blood. She could not give the authorities any information about why she was the only survivor and everyone else was lying around in hacked-up pieces. Roberta Rohbeson, 1971. Her overblown, drug-induced teenage rant against a world bounded by "the cruddy top bedroom of a cruddy rental house on a very cruddy mud road behind cruddy Black Cat Lumber" soon becomes a detailed account of another story. It is a story about which Roberta has kept silent for five years, until, under the influence of a pale hippie called the Turtle and a drug called Creeper, her tale giddily unspools... Roberta Rohbeson, 1967. The world of Roberta, age eleven, is terrifyingly unbounded, a one-way cross-country road trip fueled by revenge and by greed, a violent, hallucinatory, sometimes funny, more often horrific year of killings, betrayals, arson, and a sinister set of butcher knives, each with its own name. Welcome to Cruddy, Lynda Barry's masterful tale of

the two intertwined narratives set five years -- an eternity -- apart, which form the backbone of Roberta's life. Cruddy is a wild ride indeed, a fairy tale-cum-low-budget horror movie populated by a cast of characters that will remain vivid in the reader's mind long after the final page: Roberta's father, a dangerous alcoholic and out-of-work meat cutter in search of his swindled inheritance; the frightening owners of the Knocking Hammer Bar and sometime slaughterhouse; and two charming but quite mad escapees from the Barbara V. Herrmann Home for Adolescent Rest. Written with a teenager's eye for freakish detail and a nervous ability to make the most horrible scenes seem hilarious, Roberta's two stories -- part Easy Rider and part bipolar Wizard of Oz -- painfully but inevitably converge in a surprising denouement in a nightmarish Dreamland in the Nevada desert. By turns terrifying, darkly funny, and resonant with humanity, propelled by all the narrative power of a superior thriller and burnished by the author's pitch-perfect ear for dialogue, Cruddy is a stunning achievement. A best-selling journalist ' s illuminating tour through the hidden legacies and modern realities of British empire that exposes how much of the present-day United Kingdom is actually rooted in its colonial past. Empireland boldly and lucidly makes the case that in order to understand America, we must first understand British imperialism. "Empireland is brilliantly written, deeply researched and massively important. It ' ll stay in your head for years. " —John Oliver, Emmy Award-winning host of "Last Week Tonight with John Oliver" With a new introduction by the author and a foreword by Booker Prize-winner Marlon James A best-selling journalist ' s illuminating tour through the hidden legacies and modern realities of British empire that exposes how much of the present-day United Kingdom is actually rooted in its colonial past. Empireland boldly and lucidly makes the case that in order to understand America, we must first understand British imperialism. Empire—whether British or otherwise—informs nearly everything we do. From common thought to our daily routines; from the foundations of social safety nets to

the realities of racism; and from the distrust of public intellectuals to the exceptionalism that permeates immigration debates, the Brexit campaign and the global reckonings with controversial memorials, *Empireland* shows how the pernicious legacy of Western imperialism undergirds our everyday lives, yet remains shockingly obscured from view. In accessible, witty prose, award-winning journalist and best-selling author Sathnam Sanghera traces this legacy back to its source, exposing how—in both profound and innocuous ways—imperial domination has shaped the United Kingdom we know today. Sanghera connects the historical dots across continents and seas to show how the shadows of a colonial past still linger over modern-day Britain and how the world, in turn, was shaped by Britain's looming hand. The implications, of course, extend to Britain's most notorious former colony turned imperial power: the United States of America, which prides itself for its maverick soul and yet seems to have inherited all the ambition, brutality and exceptional thinking of its parent. With a foreword by Booker Prize – winner Marlon James, *Empireland* is a revelatory and lucid work of political history

that offers a sobering appraisal of the past so we may move toward a more just future.

The Lessons of History Drawn & Quarterly  
NEW YORK TIMES BESTSELLER • From the author of *Uprooted* and *Spinning Silver* comes the first book of the Scholomance trilogy, the story of an unwilling dark sorceress who is destined to rewrite the rules of magic. FINALIST FOR THE LODESTAR AWARD • “The dark school of magic I’ve been waiting for.” —Katherine Arden, author of the *Winternight Trilogy* I decided that Orion Lake needed to die after the second time he saved my life. Everyone loves Orion Lake. Everyone else, that is. Far as I’m concerned, he can keep his flashy combat magic to himself. I’m not joining his pack of adoring fans. I don’t need help surviving

the Scholomance, even if they do. Forget the hordes of monsters and cursed artifacts, I’m probably the most dangerous thing in the place. Just give me a chance and I’ll level mountains and kill untold millions, make myself the dark queen of the world. At least, that’s what the world expects. Most of the other students in here would be delighted if Orion killed me like one more evil thing that’s crawled out of the drains. Sometimes I think they want me to turn into the evil witch they assume I am. The school certainly does. But the Scholomance isn’t getting what it wants from me. And neither is Orion Lake. I may not be anyone’s idea of the shining hero, but I’m going to make it out of this place alive, and I’m not going to slaughter thousands to do it, either. Although I’m giving serious consideration to just one. With flawless mastery, Naomi Novik creates a school bursting with magic like you’ve never seen before, and a heroine for the ages—a character so sharply realized and so richly nuanced that she will live on in hearts and minds for generations to come. The magic of the Scholomance trilogy continues in *The Last Graduate* “The can’t-miss fantasy of fall 2020, a brutal coming-of-power story steeped in the aesthetics of dark academia. . . . A Deadly Education will cement Naomi Novik’s place as one of the greatest and most versatile fantasy writers of our time.” —BookPage (starred review) “A must-read. . . Novik puts a refreshingly dark, adult spin on the magical boarding school. . . . Readers will delight in the push-and-pull of El and Orion’s relationship, the fantastically detailed world, the clever magic system, and the matter-of-fact diversity of the student

Writing exercises and creativity advice from Barry's pioneering, life-changing workshop The award-winning author Lynda Barry is the creative force behind the genre-defying and bestselling work What It Is. She believes that anyone can be a writer and has set out to prove it. For the past decade, Barry has run a highly popular writing workshop for nonwriters called Writing the Unthinkable, which was featured in The New York Times Magazine. Syllabus: Notes from an Accidental Professor is the first book to make her innovative lesson plans and writing exercises available to the public for home or classroom use. Barry teaches a method of writing that focuses on the relationship between the hand, the brain, and spontaneous images, both written and visual. It has been embraced by people across North America—prison inmates, postal workers, university students, high-school teachers, and hairdressers—for opening pathways to creativity. Syllabus takes the course plan for Barry ' s workshop and runs wild with it in her densely detailed signature style.

Collaged texts, ballpoint-pen doodles, and watercolor washes adorn Syllabus ' s yellow lined pages, which offer advice on finding a creative voice and using memories to inspire the writing process. Throughout it all, Barry ' s voice (as an author and as a teacher-mentor) rings clear, inspiring, and honest.

On the night of November 9, 1989, massive crowds surged toward the Berlin Wall, drawn by an announcement that caught the world by surprise: East Germans could now move freely to the West. The Wall—infamous symbol of divided Cold War

Europe—seemed to be falling. But the opening of the gates that night was not planned by the East German ruling regime—nor was it the result of a bargain between either Ronald Reagan or George H.W. Bush and Soviet leader Mikhail Gorbachev. It was an accident. In The Collapse, prize-winning historian Mary Elise Sarotte reveals how a perfect storm of decisions made by daring underground revolutionaries, disgruntled Stasi officers, and dictatorial party bosses sparked an unexpected series of events culminating in the chaotic fall of the Wall. With a novelist ' s eye for character and detail, she brings to vivid life a story that sweeps across

Budapest, Prague, Dresden, and Leipzig and up to the armed checkpoints in Berlin. We meet the revolutionaries Roland Jahn, Aram Radomski, and Siggi Schefke, risking it all to smuggle the truth across the Iron Curtain; the hapless Politburo member Günter Schabowski, mistakenly suggesting that the Wall is open to a press conference full of foreign journalists, including NBC's Tom Brokaw; and Stasi officer Harald Jäger, holding the fort at the crucial border crossing that night. Soon, Brokaw starts broadcasting live from Berlin's Brandenburg Gate, where the crowds are exulting in the euphoria of newfound freedom—and the dictators are plotting to restore control. Drawing on new archival sources and dozens of interviews, *The Collapse* offers the definitive account of the night that brought down the Berlin Wall.

A poetic novel that plumbs the depths of self-doubt and technological fatigue Julie Delporte's *Everywhere Antennas* is a deeply affecting, sparsely constructed novel, equal parts *Walden* and *The Bell Jar*. Told in the first person, it offers diary-like entries from an anonymous narrator who is undergoing a nervous breakdown and struggling to hold together a failing relationship. In soft, flowing colored pencil, Delporte shows her narrator coming to terms with a rare and misunderstood sensitivity to the radiation emitted by the televisions, cell phones, and computers that permeate urban life. On each page a few words are paired with an image or two, conveying a moment or a thought simply but effectively. Over the course of the book, the anonymous narrator moves from place to place, looking for solutions to her melancholy in the countryside via isolation and in the city with friends, sometimes turning to medication for answers. Throughout, her emotional and intellectual landscape receives as much attention

as her physical surroundings. Everywhere *Antennas* is the portrait of a woman caught in the margins, struggling to balance the demands of technology and modern life with the need to find meaningful relationships and work. Roughly hewn figures, sketched in pencil crayon on brightly contrasting backgrounds, populate the pages of this flowing, emotive work. With *Everywhere Antennas*, Delporte proves herself a master craftswoman of heartbreakingly personal, beautifully literary graphic fiction.

A personal account of an Iraqi childhood *Poppies of Iraq* is Brigitte Findakly ’ s nuanced tender chronicle of her relationship with her homeland Iraq, co-written and drawn by her husband, the acclaimed cartoonist Lewis Trondheim. In spare and elegant detail, they share memories of her middle class childhood touching on cultural practices, the education system, Saddam Hussein ’ s state control, and her family ’ s history as Orthodox Christians in the arab world. *Poppies of Iraq* is intimate and wide-ranging; the story of how one can become separated from one ’ s homeland and still feel intimately connected yet ultimately estranged. Signs of an oppressive regime permeate a seemingly normal life: magazines arrive edited by customs; the color red is banned after the execution of General Kassim;

Baathist militiamen are publicly hanged and school kids are bussed past them to bear witness. As conditions in Mosul worsen over her childhood, Brigitte ’ s father is always hopeful that life in Iraq will return to being secular and prosperous. The family eventually feels compelled to move to Paris, however, where Brigitte finds herself not quite belonging to either culture. Trondheim brings to life Findakly ’ s memories to create a poignant family portrait that covers loss, tragedy, love, and the loneliness of exile. *Poppies of Iraq* has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since the early days, her translations include acclaimed titles such as the Aya series by Marguerite Abouet and *Clément Oubrière*, *Hostage* by Guy Delisle, and *Beautiful Darkness* by Fabien Vehlmann and Kerascoët.
